

INDEX TO THE
FIRST BOOK OF RECORDS
OF THE DUTCH REFORMED CHURCH
OF BROOKLYN, NEW YORK

F O R E W O R D

The First Book of Records of the Dutch Reformed Church of Brooklyn, New York, covers the period from 1660 to 1719. This index has been compiled under the auspices of The Holland Society of New York which printed a transcript of this record book in its Yearbook for 1896 and this has been used in making the present index. However, as these records have also been printed by the Kings County Genealogical Magazine and another transcript exists on microfilm, references throughout are to the month and year so as to be applicable to any of the extant copies. Although due care has been taken in this work, errors undoubtedly have crept in and the author would appreciate learning of any that may be discovered.

W. Van D. Ledley,
New York, August 1, 1957
