The volumes containing indexes to marriage and death notices in the Saratoga Sentinel for about 1819 to 1837, and the similar volume of genealogical data relating to Saratoga county families were compiled by Mr Cornelius E. Durkee about 1870 and the volumes remained in his possession until ^{and} 1919, when they were bought by Mr Frank J. Wilder. They were loaned to the State Library and permission granted to make typewritten copies thereof in September 1919, and were then returned to the owner.
