INTRODUCTION

To the Board of Supervisors of Chautauqua County:

Gentlemen:

At a special meeting of the Board held at Mayville, March 23rd and 24th, Mr. Warren of Stockton offered the following resolution, which was adopted:

"Resolved, That the Clerk of the Board be, and he is hereby authorized to prepare and print in pamphlet form, all of the local laws passed by the Board of Supervisors of Chautauqua County and which are now in force. The cost of preparing and printing the same to be a charge against the Contingent Fund."

Pursuant to the terms of this resolution, I have examined the Journals and records of the Board of Supervisors from its first meeting in 1811 to the present time and believe that all acts of the Board that are in force and operative will be found in this book properly indexed for ready reference.

In making this examination I found certain resolutions passed by Boards of Supervisors at different times, fixing salaries and authorizing forms of procedure that I considered of sufficient importance to be incorporated in this work. These resolutions will also be found in a section following the laws.

I have also taken the liberty to add short sketches of the Board of Supervisors, the growth and management of the County Farm, and other County Buildings; a list of the Boards of Supervisors and of the principal elective offices of the county, all of which I believe will be found valuable as a future reference.

I am largely indebted in the preparation of these sketches to data compiled by the Hon. O. D. Hinckley, for twenty years clerk of the Board; to L. Hurlbut, one of the early clerks; to Hon. Obed Edson and others.

In presenting this little pamphlet, no claim is made that any

new facts have been discovered nor anything brought out but what has already been covered in a much more extensive and comprehensive manner by the many able gentlemen who have written the early history of the county. The sole aim and object of this work is to present in a condensed form, indexed for ready reference, information that the members of the Board of Supervisors and other County Officers should be familiar with and that is scattered through the old Journals of Proceedings of the Boards of Supervisors, and volumes of county history covering a period of nearly one hundred years.

I trust the fruit of my labors will meet with your approval and that the information herein contained will be found reliable and of value not only to the present but to future Boards.

All of which is respectfully submitted.

J. A. McGINNIES,

Ripley, N. Y., 1909.

Organization and Items of Historical Interest Relating to the Boards of Supervisors of Chautauqua County

The first Supervisor elected in what is now the territory designated as Chautauqua County, was John McMahon, who was chosen to represent what was then known as the **Town** of Chautauque in the County of Genesee, and which embraced practically all of the present county.

The first town meeting was held at the widow McHenry's in the present Town of Westfield, April 5th, 1805.

Mr. McMahon was re-elected Supervisor of the Town of Chautauque in 1806 and 1807 and met with the Board of Supervisors of Genesee County at Batavia. On the 11th of March, 1808, the Counties of Niagara, Cattaraugus and the present County of Chautauqua were formed from Genesee County but Chautauque and Cattaraugus Counties were to remain a part of Niagara County for judicial and municipal purposes until they should respectfully contain five hundred taxable inhabitants qualified to vote for member of Assembly.

By the provisions of this same act, the County of Chautauque was divided into the Towns of Chautauqua and Pomfret. The Town of Chautauqua being the west part of the county and the Town of Pomfret the east part. The future sub-divisions of these towns into the towns that now constitute the county will be found in its proper place in this volume.

In 1808 Arthur Bell was elected Supervisor of the Town of Chautauqua; Thomas Prendergast in 1809 and Matthew Prendergast in 1810, and Philo Orton was elected Supervisor of the Town of Pomfret during the same years. These Supervisors met with the Niagara County Board of Supervisors at Buffalo.

At the meeting of the Board of Supervisors in Niagara County in the fall of 1810, it appeared that Chautauque County contained the required number of taxable inhabitants and this fact being certified by the Board to Governor Tompkins, the county was fully organized as a separate county on the 9th

day of February, 1811, and the requisite county officers were appointed by the Governor and Council of appointment.

The first regular Town Meeting in the new county was held on the first Tuesday of April, 1811, and Matthew Prendergast of Chautauqua and Philo Orton of Pomfret were elected Supervisors of their respective towns.

At the time of the division of the County of Genesee in March, 1808, provisions had been made for the appointment of commissioners to select sites for the county buildings of the several counties, and for Chautauqua County the village of Mayville had been selected so that the first Board of Supervisors for the county met at the inn of Capt. John Scott in that village on the third Tuesday of October (October 20th) 1811 and organized by appointing Charles B. Rouse of the Town of Chautauqua, Clerk, and adjourned to meet Wednesday morning, October 21st, at 7 o'clock, somewhat earlier than Boards of the present day meet. At this session bills were audited in amounts as follows:

Town of Pomfret, \$583.86; Town of Chautauqua, \$317.31½ and county charges of \$1,586.87½. Fifteen hundred dollars of this was required by law to be raised for the purpose of building a Court House and Jail, leaving the amount raised for actual county expense, \$86.87½.

The amount raised for County expenses in 1908 was nearly \$120,000.

The Board of 1812, like that of 1811, consisted of only two members but in 1813 the membership had increased to five by the incorporation of the Towns of Ellicott, Gerry and Hanover, and the Board organized by the election of Philo Orton of Pomfret as Chairman, Pomfret having the honor of furnishing the first Chairman of the Board of Supervisors. Charles B. Rouse of Chautauqua was re-elected Clerk.

I find that about this time the unimproved lands of the Lake Erie Towns was assessed at one dollar and fifty cents an acre and in the south towns at one dollar per acre, and the total assessed valuation of the county in 1821 was \$1,684,343.00, population, 12,568. In 1815 the tax rate of Portland, which then included Westfield and Ripley, was 3 3-10 mills, while in the

Town of Ellicott then including the present Towns of Poland, Carroll, Kiantone and the east part of Busti, the tax rate was 4 7-10 mills.

The date of the meeting of the Boards of 1812-13-14 and 15 I have been unable to find, but it was probably some time in the month of October. In 1816 the Board of that year met in annual session, October 1st, 1816, and thereafter to and including the meetings in 1826, I judge the date of the annual session was the first Monday and the adjourned session the last Monday in October.

At the adjourned session of 1826 a resolution was passed petitioning the legislature to alter the date of the annual session to the second Tuesday in November. The Boards of 1827 and thereafter until and including 1851 met in annual session on the second Tuesday in November and the adjourned meeting was held early in December. At the adjourned session in 1851 the date of the annual session was fixed at the second Monday in October, in 1872 this was changed to the last Monday in September, in 1887 to the first Monday in October and in 1900 to the last Monday in September. The date of the adjourned session being the Monday after the general election in November of each year.

Town meetings were formerly held the first Tuesday in March by authority of a resolution adopted in 1839, but in 1851 the time was changed to the third Tuesday in February. Old residents of the county tell me that this change was made on account of so many of the qualified voters of the county, especially in the south towns, being away in March with rafts of logs and lumber, so the date of the town meetings was fixed earlier in the year before the spring freshets.

As evidence of the truth of this, I find in the Journal of 1889 the following resolution offered by Mr. Waite of Villenova:

"WHEREAS, It is a well recognized fact that by reason of the early day on which Town Meetings are held in Chautauqua County, large numbers of voters in almost every town are practically disfranchised owing to the severe weather and condition of the roads, they are prevented from going to the polls, and "WHEREAS, The cause has been removed for holding Town Meetings at an early date, viz: the departure of lumbermen with rafts on the spring floods for market; therefore

"RESOLVED, That in the future, Town Meetings in Chautauqua County be held on the first Tuesday in May, of every year."

This resolution was lost and the holding of town meetings in February continued until 1898 when a resolution was adopted making town meetings bi-ennial and to be held at the same time as the general election on and after 1899.

In 1827 by resolution the Board selected 254 suitable persons to act as Grand Jurors. In 1830 this number was increased to 300, the present number.

In 1844 the Clerk of the Board was authorized to print so much of the Journal of Proceedings as the statute directs, in the "Westfield Messenger" and to forward to each Supervisor a copy of the paper containing same. Prior to this time the only record of the proceedings of the Board was the Clerk's manuscript copy. In 1850 the Journal was ordered printed in pamphlet form. This first Journal contained forty pages of matter, $4\frac{1}{2}\times7\frac{1}{2}$ inches in size and was printed by Tinker and Dennison of Westfield and was distributed eleven to each town.

It may surprise a great many people of the present day to know that Mayville came within one vote of losing the county buildings.

In 1852 a resolution was offered changing the site to Delanti in the Town of Stockton and on the vote being taken thirteen Supervisors voted for the proposition and seven against. It requiring a two-thirds vote to make the change, the question was declared lost. A change of one vote from the negative to the affirmative would have made Delanti the County Capitol.

The following resolutions I consider of some material interest so print them in full. On December 8th, 1841, it was

RESOLVED, That a bounty of \$10 be allowed Sewall Spaulding for killing a full grown wolf in the Town of Villenova. This was the last wolf killed in the county.

At the adjourned session of 1859 the following was presented and adopted:

[8]

WHEREAS, Complaint has very justly been made, that the Rail Roads of this State carry freight destined to, or coming from other States at lower rates than they carry the same kind of freight for the people of this State, who live upon or near the lines of said Rail Road; therefore,

RESOLVED, As the sense of this Board, that a law should be passed to equalize the charge for carrying freight on the Rail Roads of this State, so that in no case the charge shall discriminate in favor of the people of other States, nor shall they be allowed to charge more for short distances than for longer, nor shall they be allowed to charge more than 25 per cent. on winter, over summer rates.

By the adoption of this resolution the Board of Supervisors of this county may be said to have originated the idea of the law constituting the Inter-State Commerce Commission.

In 1859 the Board by a resolution changed the spelling of the county then in vogue by substituting for the final "e" the letter "a." The resolution stated that this was done to restore the original mode of spelling the name of the county, and in consequence Chautauqua has since been the recognized official spelling of the name of the county.

At the annual session of 1865, \$100 was appropriated to buy a chandelier. This was the chandelier that hung in the old court room and which the present generation remembers.

In the historical sketch of the early Boards of Supervisors of the county, written by the Hon. Elial T. Foote, I find the following relative to the Supervisors of that day:

"In Conclusion permit me to state from personal observation and acquaintance with the members, that the early Boards of Supervisors of our County, were, as a whole, among the most competent and trustworthy citizens of the County. Their single aim appeared to be to promote the best interest of the county and to do justice to all while they practiced the most rigid economy consistent with the faithful discharge of their duties. No account was passed without rigid scrutiny. No Board of Supervisors in the State could have been more harmonious in their proceedings. No controversy about equalization between the towns. The representatives of the northern or Lake Erie towns claimed a superiority of soil, climate and local advantages which the southern towns conceded, and the controversies on that point commenced at a much later period. Indeed, almost the only struggle among the members of the Board was for a fair division of the bridge money annually raised on the County, which, as far as I know, never resulted in unkind feelings among the members.

"The Supervisors' meetings were held in the old Court House which was alone warmed by a fire in a small fire-place, which in cold weather was wholly insufficient to render the Court Room comfortable. The members were seated around an ordinary table near the fire, and appeared more like a committee than a deliberate body. No rules, other than a sense of propriety, governed them in their deliberations. The Board sat during the day and evening, only adjourning for meals. The only attendant on the Board was an aged citizen of Mayville, who was a volunteer janitor, without a formal appointment. He swept the court room, made a fire, and made everything ready for the reception of the Board. On a side table he placed a pitcher of water, tumblers, with a two quart decanter of spirits, and some pipes and tobacco, which were free to all, and of which the janitor was the most liberal patron. the members of those days, even before temperate societies were organized, were total abstinents; yet every member the commencement of the session usually gave the janitor 25 cents, and if a new member an extra quarter was expected of If the contents of the bottle ran low, the janitor would privately invite some member to give him another quarter. The side table bottles of spirits finally went into disuse. Supervisors voted the janitor \$1.25 a day for his attendance on the Board, for which he received a county order."

Since those old days the County of Chautauqua has grown from a sparely settled pioneer region into one of the important and wealthy counties of the nation. But few counties surpass it in the value of its products. Its manufacturers send their wares to every part of the civilized world. In agriculture, horticulture and dairying, it has a leading place and it is recognized as a great center of learning and culture; socially, intellectually and commercially, its advancement and development has been marvelous.

During all these years of progress many changes have occurred in and to the Board of Supervisors of this county. From a little company of six or eight sitting around a table transacting the business of the county informally, providing for town and county expenses of a few hundred dollars, it has grown to a formal deliberative body of thirty members with rules of order and modes of procedure, with stated hours of meeting, clothed with quite extensive legislative powers, transacting business running into the hundreds of thousands, and organized with a staff of officers from Chairman to Janitor.

Some of the ablest and best men of our county have served as members. From its ranks men have stepped into the highest positions within the gift of the people of our county and State: Assemblymen, State Senators, Sheriffs, County Clerks, District Attorneys, Treasurers, Superintendents of the Poor, Surrogate County Judges, Supreme Court Judges, Congressmen, Speaker of the Assembly, Lieutenant Governor, Governor of the State and numberless other positions of honor and trust in both public and private life have been filled ably and well by men who gained their first experience in the affairs of life on the Board of Supervisors of our county.

But through all the changes that have come with these many years of progress and advancement, I believe that the Board of Supervisors of our county have kept unimpaired the heritage of efficiency and integrity bequeathed to them by those early Boards. It can be truly said of all of them that they "Endeavored to promote the best interests of the county." "To do Justice to all" and "Practice the most rigid economy consistent with a faithful discharge of their duties."

No Board of Supervisors in the State transacts its business in as short a space of time as does the Board of Chautauqua County, and while of necessity among so many men of strong convictions and with so many varied interests at stake, differences of opinion have arisen, yet they have always been settled in such a manner as not to leave any rancor or personal feeling behind.

May this be the continued history of the Board and when we are called upon to lay down the mantles of authority with which we are at best so briefly clothed, may it be said of us. that we have labored faithfully to promote the best interests of this great commonwealth that we have had the honor to represent.

In 1887 Hon. Otis D. Hinckley at that time Clerk of the Board of Supervisors, compiled a list of the Boards from 1811 to 1887 both dates inclusive, and of this list ex-Clerk Hinckley writes:

"The matter compiled by me is a concise and absolute correct history of the historical conditions sought to be perpetuated. No other history is correct only in part. All other histories leave out the Board of 1818 and say there is no record. I found the record I printed by visiting all the towns interested and by examination of the original town record, and I affirm that the Board of 1818, as published by me, is as absolutely correct as any page in the Journal."

From 1887 to and including the year 1908, I have taken lists of Supervisors and officers of the Board from the Journals of Proceedings of the several years.

Resolution Providing for Burial and Erection of Headstones for Veterans of Spanish-American War.

By Mr. Lakin of Jamestown:

Whereas, The State of New York has very properly made provision for the honorable burial of veterans of the Civil War, and for the erection of a modest headstone at the grave of each dead veteran which did not already bear such mark, such expense to be a charge against the county where such veteran lived, and

Whereas, The statute making such provision was enacted many years before the Spanish-American War was fought and won by the bravery and valor of American soldiers and sailors, therefore making no provision for the burial of the honorably discharged soldiers and sailors of that war.

Resolved, That the Board of Supervisors of Chautauqua County hereby pledges itself and the county to extend the provisions of the state law applying to the burial of veterans of the Civil War and the erection of suitable headstones at such graves, to the veterans of the Spanish-American War, such expense to be a county charge.

Resolution in Regard to the Temporary and Permanent Relief of Town and County Poor.

By Mr. Randall:

Whereas, Section 2, Chapter 444, Laws of 1874, as amended by Section 1, Chapter 459, Laws of 1886, provides that in counties where all of the poor are not a county charge, the excise moneys shall remain in the hands of the Supervisors to be disposed of as directed by the Town Boards, and

Whereas, The Superintendents of the Poor have no authority in those counties where all of the poor are not a county charge, to expend money for temporary relief of the town poor, that power of duty devolving on the towns and their officers; therefore

Resolved, That by authority of Section 15, Chapter 482, Laws of 1875, as amended by Chapter 129, Laws of 1881, the Justices of the Peace of the several towns are hereby directed to pay all the fines and penalties hereafter imposed by, and paid to them in their respective towns, to the Supervisor of such towns on the first Monday in each month, to be applied by them to the support of the poor in such towns; that such justices report the amount of such fines and penalties to the Board of Town Auditors on the Thursday preceding the annual town meeting, and

Resolved, That by authority of Sections 1 and 2 of Chapter 655, of the Laws of 1878, that hereafter all money raised by tax in the several towns of this county for the relief and support of the poor in said towns, be paid to the Overseers of the Poor thereof, and that the warrants attached to the tax rolls so direct; and that after December 31, 1892, it shall not be neces-

sary to obtain the sanction of the Superintendent of the Poor to expend more than ten dollars for one person or family, but that the Overseers of the Poor shall expend all moneys received by them for such relief under the following rules and regulations:

First—If it shall appear that a person applying for relief is lawfully a town charge, and requires only temporary relief, or is in need of permanent relief, but cannot be safely or conveniently removed to the County Poor House, the Overseers shall examine into the facts and circumstances and shall expend such sum as the circumstances of the case shall require. But no sum greater than ten dollars shall be expended for the relief of any one person or family without an order written by the Justice of the Peace of the said town and the sanction in writing of the Supervisor of the town.

Second—If it shall appear that the person so applying is lawfully a county charge or is in need of permanent relief, and can be safely removed to the County Poor House, he or she shall be removed and the expenses therefor paid as provided by law.

Third—The Overseers of the Poor shall keep a record of the name, age, sex and native country and cause of pauperism of every person relieved or supported by them, together with an account of all moneys received and expended by them for such relief, which record and account shall be laid before the Board of Town Auditors on the Tuesday next preceding the annual town meeting, and shall be audited and settled the same as the accounts of other town officers. The accounts of the Overseers of the Poor for their services shall be audited and paid the same as other town accounts.

Fourth—Estimates of the amounts necessary to be raised by tax for the relief and support of the poor in the several towns shall be certified by the Board of Town Auditors of the respective towns and shall be laid before the Board of Supervisors on the fourth day of their annual meeting.

Your committee to whom was referred the matter of receiving propositions for the location of a site for the erection of an Armory for the 13th Separate Company, N. G. S. N. Y., respectfully report that several propositions have been received. That none of said propositions have been acceptable except that of the City of Jamestown, of the plot between Sixth and Seventh and Cherry and Washington Streets, being 250 feet square. After due deliberation, we are of the opinion that the south half of said lot is a desirable location and of sufficient size for the erection of proper buildings. We recommend that a committee of three be appointed by the Chairman of the Board to make a proposition to the City of Jamestown of the sum of six thousand dollars for the south half of the said plot, if the plot is agreeable to the state. In case of the acceptance of this proposition the committee be empowered to make the necessary arrangements for securing the proper title to the same and the Board of Supervisors at its next annual session provide for the payment of the aforesaid sum. In case of the nonacceptance by the City of Jamestown of this proposition, then the committee is hereby authorized and empowered to purchase another site in case one can be found that is suitable, and not to exceed the said sum of six thousand dollars.

Resolution Instructing Coroners in Regard to the Burial of Persons Who are Objects of Charity.

By Mr. Pratt:

Whereas, It appears to have been the practice of the Coroners of Chautauqua County in cases of death where their services are required and where the subject appears to be an object of charity to order the burial of such persons, making the same a charge against the county and that the bills for such expense have been audited as Coroners' Accounts, and

Whereas, We believe the custom of so doing has had the effect of placing the expenses of burial of town and city poor upon the county which were justly a charge upon the town or city in which they died, therefore

Resolved, That the Coroners of Chautauqua County be and are hereby instructed in cases of deaths in this county, in which their services are required, and where the subject appears to be chargeable to charity, that they notify the Overseer of the Poor of the town or superintendent of the county, as the case may be, requesting that they take the burial of such persons in charge.

Report of Committee on Coroner's Accounts in Regard to Calling Physicians to View Bodies.

To the Honorable Board of Supervisors:

Gentlemen:

Your Committee on Coroner's Accounts, in accordance with the resolution of the previous session, beg leave to report as follows:

Your committee feels that in the past in many instances, physicians have been employed or called by coroners to view bodies when there was no necessity for same, and that the county has been subjected to an unnecessary expense; the physicians are certainly not to be censured as they very naturally respond when so called upon, the same as would the member of any profession.

Your committee believes that the Board of Supervisors are willing to pay for all necessary services rendered by any person for the benefit of the county at a fair value but that the county should not pay any more for the same service than a private individual.

Your committee accordingly recommends:

First—That the several coroners of the county be notified and directed that hereafter no coroner shall call any physician to view or examine any body unless the condition of the body or the circumstances of the death are such that the coroner cannot himself reasonably determine the cause of death without the assistance of such physician.

Second—That the mere fact that the coroner calls a physician to assist such coroner in determining the cause of death shall not in any way obligate the county to pay any fee whatever to such physician.

Third—That when the Board of Supervisors decide that such physician's services in the particular case, were necessary, the fee allowed shall be \$2.50; in exceptional cases the fee to be decided upon by the Board.

Fourth—That, if these recommendations be adopted, or whatever ones are adopted, a copy thereof be sent to the coroners in the county and that such coroners be requested to make known the action of the Board of Supervisors in regard to this matter, to each physician he may call to view any body and that such information be given to such physicians before any such physician or physicians render any further services in the matter of viewing or inspecting bodies for the purpose of determining upon the cause of death.

All of which is respectfully submitted,

Resolution Regarding Purchase of Land Adjoining Jail.

The undersigned hereby report that they have made said examinations and report that in their opinion the jail is too contracted for the number of

prisoners confined, it being from twenty to twenty-eight of late, and that there is not a sufficient number of cells for the promotion of health and to make security certain. They also found the jail lot more contracted still, proportionately, hardly room for a clothes yard, say nothing of small out buildings, wood-yard or a yard for protection on the street side. They also found connected with said premises, on the northwesterly side and in rear, which has been rented by the present and late Sheriff, for the better accommodation of the jail, about three-fourths of an acre of land belonging to the estate of the late Dr. Prendergast, which is for sale at \$460, including rent for the current year, terms of payment to suit the purchaser, with interest from the 1st of January, 1860, and we therefore recommend that a committee be appointed to make the purchase upon said terms. Appointment and Compensation of Stenographer to the Surrogate Court.

To the Board of Supervisors of Chautaugua County: Gentlemen:

Section 2,513 of the Code of Civil Procedure as amended by Chapter 470 of the laws of 1903, authorizes the Surrogate to appoint a stenographer for his court and to fix the compensation of such stenographer within prescribed limits. This amendment also has the effect of depriving stenographers from receiving fees for taking minutes of testimony, and provides for the payment of such compensation by the county, and requires the Board of Supervisors to provide for the payment of such salary in the same manner as other expenses are paid.

Pursuant to the section of the Code referred to I have appointed Matilda A. Woodward, of Jamestown, New York, stenographer to the Surrogate Court and fixed her salary at \$900 per annum. Dated September 28, 1903.

Respectfully yours,

By Mr. C. L. Norton:

Whereas, a highly respectable petition has been presented to this Board of Supervisors, praying that it would take such pleasure as should be deemed expedient to restore the original mode of spelling Chautauque, by substituting for the terminating e the letter a, and whereas, the Board believes it to be in accordance with the pronunciation of the Aborigines, from whom we derive the name, and that the change prayed for will also tend to correct the pronounciation of the name of our County, by those who read the same but are not aware of our pronunciation; therefore

Resolution Changing the Time of Holding Town Meetings.

By Mr. Leet:

Whereas, The last general election has demonstrated that the elections of the odd years as arranged by our amended state constitution, being divested of state issues, are deemed unimportant by the electors in rural districts, and fail to induce sufficient attendance at the polls to give adequate expression of the popular sentiment regarding the small number of officers to be chosen. On the other hand, in the large cities where the election of municipal officers occurs at the same time, there is intense popular interest and a full registration and vote. We believe that the same degree of interest would be induced in the rural districts were the town officers elected at the time of the general election every odd year. Not only would a full vote be obtained, but a large expense would be saved, that is now incurred for holding town meetings in the spring. And since, by act of the Legislature all town officers after next year are to be elected for two or four years.

Resolved, That the Legislature be requested to enact that the town officers elected next spring shall hold office till the end of the year 1899, and that their successors shall be chosen at the time of the general election of 1899, and that all town elections thereafter be held at the time of the general election in the odd years.

Journal, 1897; Page 41.

Resolution Designating Time for Town Meetings to be Held.

By Mr. Leet:

Whereas, Section 2 of Chapter 363 of the Laws of 1898, amended Section 10 of Chapter 569 of the Laws of 1890, entitled "An Act in relation to towns constituting Chapter 20 of the General Laws" as amended by Chapter 481 of the Laws of 1897, so as to confer authority upon boards of supervisors as follows:

"The Board of Supervisors of any county may, by resolution adopted at any annual meeting of such Board, fix a time when the biennial town meetings in each county shall be held, which shall be either on some day between the first day of February and the first day of May inclusive, or on the first Tuesday after the first Monday in November; and such time, when so fixed, shall not be changed for the period of four years."

Therefore, By virtue of the authority conferred by the statute quoted, be it

Resolved, That the next town meeting in the towns of Chautauqua County be held on the first Tuesday after the first Monday in November, eighteen hundred ninety-nine, and that such town meetings be held biennially after that date on the first Tuesday after the first Monday of November.

Resolved, That the Clerk of this Board be instructed to send a copy of the foregoing resolution to the Clerk of Chautauqua County, and also to the Town Clerk of each town in said county, that they make the proper preparations for holding future town meetings in accordance with said resolution and as directed by said Chapter 363 of the Laws of 1898.

Report of Committee on Re-Survey of County Line Between the Counties of Chautauqua and Cattaraugus.

To the Board of Supervisors of Chautauqua County:

The committee to whom was delegated authority by resolutions found on page 56 printed Journal of Proceedings for the year 1880 to investigate the work done by Josiah Davis, surveyor, in retracing the county line between the counties of Chautauqua and Cattaraugus, and if found satisfactory to deliver the order for the payment of the same to said Davis, would respectfully submit the following report:

With the exception of the stone set at the southeast corner of the Town of Carroll, all the stones set by said Davis are about two feet long and squared at the top to about four inches. These stones contain no mark, and are not securely set. At the southeast corner of the Town of Carroll your committee found a larger stone more securely set, but rough in appearance. At this corner there still remain some marks of the original survey, or original work as it is now called. At the southeast corner of the Town of Poland, located at the woods, the original work is well preserved. At the southeast corner of the Town of Ellington the original works appear to be entirely destroyed. At the southeast corner of the Town of Cherry Creek, which is located in a large swamp, the original work is well preserved. At the southeast corner of the Town of Villenova, which is located

in the clearing, near some woods, there appears none of the original work. At the southeast corner of the Town of Hanover, which is located in well cleared fields, all the original work has been destroyed. However, some thoughtful, prudent man has well preserved this corner by planting at an early day a balsam tree, which today is in a thrifty condition. At the northeast corner of the Town of Hanover, where this county line crosses the line of the Cattaraugus Reservation, there appears none of the original work.

Your committee is of the opinion, with the exception of the stone monument and the manner in which they are set, the work done by said Davis has been well done. And as the resolutions under which he acted, so far as this county is interested, did not require him to set stone monuments, therefore we have concluded he is entitled to his order for his pay, and have delivered the same to him. Said Davis has prepared and placed in the care of the committee a book containing his survey, which is intended to be filed in the County Clerk's office, and which your committee will so file unless instructed otherwise.

In conclusion, we would say the importance of well preserving these old land marks cannot be over-stated. In a few years more the forests that now remain, and that contain the evidence of the original work, will be destroyed. In our judgment larger stones should take the places of those small ones, not alone at the town corners, but also at each angle in the county line. And it appears to us these stones should be at least five feet long and of a size that will square at the top to one foot, and should be set at least three and one-half feet in the ground. They should be properly lettered and figured, with cut letters and figures, to make known their importance and their object. In this manner, to future generations can these corners and angles be securely preserved. It appears to your committee that our sister county of Cattaraugus should cheerfully join with us in efforts of this character, and willingly bear her proportion of all necessary expenses to accurately preserve for all time to come this important dividing line.

All of which is respectfully submitted,

Whereas, Such proceedings were had that on the 27th day of December, 1904, the county recovered a judgment against the State of New York for such taxes amounting to \$44,010.19, which judgment is unpaid and still owing by the State, and

Report of Committee on Judicial Accounts in Regard to the Purchase of Law Books.

Mr. Fancher of Jamestown submitted the following report:

The committee on Judicial Accounts begs leave to report that they believe the present system of purchasing law books for the county and keeping an account of those purchased is unsatisfactory.

In the first place it seems to be the custom for the County Judge, the Surrogate, the District Attorney, the Librarian and perhaps others to purchase books, and the committee judges that this is done in most cases and probably in all cases without consultation, the consequences being that several books of the same kind are owned by the county, more than seems necessary to the committee.

Next, under the system, it appears to the committee that the law book firms, or at least a part of them, are in the habit of sending in bills from time to time, adding the old bill each time new purchases of books are made and including the old purchases so that by the time the session of the Board comes around they have two or more bills for the same books in some cases, and the system makes mistakes liable to be overlooked in many cases and seems likely that law books have been paid for twice in many cases.

Your committee begs leave to recommend that all orders for books pass through the hands of the librarian before being ordered or accepted, and that said librarian be cautioned not to purchase more books of the same kind than are absolutely necessary; also that the said librarian keep a record of all books that are purchased from time to time, the cost of same, and when paid for, in such shape that the law books purchased can be easily referred to and the fact ascertained whether the same have been paid for or not.

Correspondence, Accompanying the Presentation and Acceptance of Flag.

Fredonia, N. Y., Oct. 21, 1862.

Col. J. C. Drake,

Dear Sir:

At a meeting of the Board of Supervisors for Chautauqua County, held in the Village of Mayville on the 15th inst., the following resolution, offered

by Mr. Beardsley, was unanimously adopted, and the undersigned were appointed a committee to execute it,

Whereas, Certain members of this Board are in receipt of information that the 112th Regiment, now at Suffolk, in Virginia, is, as yet, destitute of a flag for its encampment; therefore

Resolved, That we donate the flag now belonging to this county, and send the same by express to Col. J. C. Drake, Commandant of said Regiment.

We forward it to Washington today by express to your address.

We are not advised whether the flag is of the dimensions required by army regulations, or whether, indeed, you can make it in any way serviceable to you, but we are advised, by our knowledge of your Regiment, of its officers and men, that any acknowledgment of the people of Chautaugua County that your services are appreciated by a grateful people, would be most acceptable to you. It is for this reason we forward you the flag, that while it is of little value in itself, the motives which have prompted the contribution will be to you of great value. Accept it as a contribution from all the citizens of this county, and be warmed by the reflection that you are kept in constant and affectionate remembrance by us all; and that our earnest desire and prayer is, that you may be encouraged and sustained in the discharge of your high and dangerous duties.

You will please accept this tender of our regard personally, and convey it to your subordinate officers and men.

Believe us truly your Servants,

O. STYLES,

H. A. PRENDERGAST,

L. HURLBUT,

Committee.

Camp Suffolk, Va., Dec. 27, 1862.

Messrs. O. Styles, and others, Committee: Gentlemen:

Your favor of October 21st apprising me and my command of the donation of a National Flag by the citizens of Chautauqua County, was duly received.

The flag, however, did not reach us until the evening of the 25th inst. The officers of the Regiment then in camp were immediately convened and the matter laid before them for appropriate action, when the following Preamble and Resolutions were presented by Capt. John F. Smith, Chairman of the committee appointed for that purpose, and unanimously adopted:

Whereas, Pursuant to the resolution of the Board of Supervisors of the County of Chautauqua, Orson Styles and others, a committee appointed for that purpose, have forwarded the National Flag owned by said county, to this Regiment, which has this day been received with an appropriate communication; therefore

Resolved, That we accept the Flag as a gift from the noble and patriotic people of our county, deeply sensible of the kindness shown in this token of their remembrance to us.

Resolved, That, inspired by its presence, gathered under its glorious folds, every sacrifice of comfort of blood, and, if need be, of life itself, shall be cheerfully and manfully endured until the sacred emblem of our nation's unity and strength shall be raised from beneath traitor's feet, not a star effaced nor a stripe gone, with the shouts of a free and brave people.

I beg leave to add, personally, that I am most warmly grateful for this expression of the interest and affection of our beloved fellow citizens at home, and earnest in my hope and expectation that it will be more and more deserved by the noble and brave officers and men whom I have the honor to command.

Very Sincerely, Your Obedient Servant, J. C. DRAKE, Col. 112th Regt., N. Y. Vols.

Resolution Accepting Portrait of Elias H. Jenner.

Mr. Marvin presented the following:

Mr. Chairman:

I have been requested by Mrs. E. H. Jenner to present in behalf of herself and children this portrait to the Board of Supervisors of Chautauqua County to be by them always retained.

Therefore in fulfillment of this request I now deliver to you as Chairman, to be by this Board disposed of as in its judgment seems most fitting, this handsomely executed and life-like picture of the late Elias H. Jenner, whose faithful devotion to confided trusts coupled with the accuracy always displayed, of which your long and intimate association with him can well attest, and which has won the commendation of those who have served with him upon the various boards of which he has been clerk.

In conclusion, Mr. Chairman, let me venture the hope that it may always remain in the care and keeping of the county representatives and by its presence aid and encourage those who may in the future fill the important position he adorned for nearly a quarter of a century.

The Chairman responded as follows:

We accept this fine picture in the same kind and generous spirit in which it was given. My long association with Mr. Jenner as Supervisors together, and while he has been clerk of the Board, extending over a period of seventeen years, revealed to me his extreme kindness of heart in all the relations of life as well as his honesty and integrity, and I believe I voiced the sentiments of the entire Board when I say he possessed all of those qualities in an eminent degree. I accept this picture, and in doing so shall express the hope that it will be a stimulus to the present and future clerks of the Board to try and emulate the honesty, accuracy and integrity of the late Elias H. Jenner.

By Mr. Tracy:

Resolved, That we accept the perfect likeness of the late Elias H. Jenner in the same kind spirit in which it has been presented; and he it further

Resolved, That the Clerk of this Board be and is hereby instructed to extend to Mrs. E. H. Jenner and children the thanks of this Board for said picture, and further be it

Resolved, That the said portrait be hung, for the time being, in a prominent place in the court room of the court house.

Presentation of Judge Marvin's Portrait.

Tuesday, Nov. 11, 1890, 9 o'clock a. m.

This morning there was placed upon the walls in the rear of the judge's desk in the court room in the court house at Mayville, a magnificent oil portrait (by Greaves) of the Honorable Richard P. Marvin of Jamestown. The portrait represents him as sitting in the large high backed arm chair which he has used in his office for many years. His right hand holds a pen over legal cap that rests upon the broad right arm of the chair; the forefinger of the left hand holds the stationery in place. The attitude is as if the Judge had been interrupted while preparing one of the great opinions that made him famous in the legal world. The splendid head with white hair and beard are brought out to the life, and every lesser detail is painstakingly developed. The artist, W. A. Greaves of Warren, must consider this one of the masterpieces of his artistic work. The painting is about four and one-half feet in height by three wide, and is surrounded by a remarkably heavy and elegant gold frame. On the base of the frame is a gold plate bearing the inscription: "Hon. Richard P. Marvin, aged 87 years."

Mr. Robert N. Marvin read the following letter addressed to Judge Marvin by the Bar of Chautauqua County:

To the Hon. Richard P. Marvin:

It is our earnest desire that you place your portrait at the disposal of this county to be preserved in the hall of its principal building, as a mem-

orial of your eminent services as a member of the bar and in courts of this state, which has been so much to the honor of this country, of which you have been a distinguished and respected citizen.

Judge Marvin's Letter of Presentation.

Jamestown, N. Y., Nov. 11, 1890.

To the Honorable Board of Supervisors of the County of Chautaugua:

Some years ago I received a letter signed by Honorable John S. Lambert, County Judge; Hon. Obed Edson and about thirty others, members of the bar, expressing an earnest desire that I place my portrait at the disposal of the county to be preserved in the hall of its principal building as a memorial of my services as a member of the bar and in the courts of the

As I have considered myself greatly indebted to Chautauqua for its encouragement in my early youth on my becoming a citizen therein, and its confidence extended to me and the offices bestowed upon me, it gives me pleasure to comply with the desire of the bar to present to your Board for acceptance by the county (if you approve) of the portrait or picture I have caused to be made to be used or disposed of as the County Judge and the bar in their letter suggest.

Very Respectfully,

R. P. MARVIN.

December 23, 1803-November 11, 1890.

In conclusion Mr. Marvin said:

"I have performed the duty for which I came, and there is no call for further remarks from me, as the letters just read are fully explanatory. It will give my father and family pleasure if the Board of Supervisors, acting in behalf of the county, will accept the gift."

Dr. Williams' Address.

Mr. Chairman and Gentlemen of the Board of Supervisors:-In my early boyhood it was my pleasure to visit the Village of Jamestown and while there I attended a lecture in the old Congregational Church. The speaker was a gentleman was in the prime of manhood, and I became intensely interested in his remarks, much of which I have retained from that day to The lecturer was the Hon. Richard P. Marvin, who since that time has been a representative in Congress from this district, for many years one of the Justices of the Supreme Court of this State, and one of its Judges of the Court of Appeals. His home has been ever among us and today with his four and one-half score of years he still remains honored, respected and esteemed. For more than half a century, yes, nearly three-fourths of a century, he was one of the most conspicuous men of the age; filling all positions to which he was called with honor to his constituents and credit to himself. His name was familiar as household words throughout the county and this judicial district, while his reputation for learning and legal ability extended through the state and entire country. He has seen generations come and go and now in his advanced years his life and character can well be studied and followed by the young and ambituous who would take as their model devotion to work, ability and purity of character. Fully believing that the citizens of this entire county will approve of the action, and that they would heartily unite with us, their representatives on his Board, I would take great pleasure in offering the following preamble and resolution, and move their adoption:

Whereas, Robert N. Marvin (on behalf of his father) has presented to this county a large and elegant portrait of his father, the Hon. Richard P. Marvin, who was for a quarter of a century one of the Justices of the Supreme Court of this State; also for several years a member of the Court of Appeals; and who has during a long and useful life as a citizen of this county secured and retained the sincere and affectionate regard of all its people, without regard to party; it is hereby

Resolved, That the Board of Supervisors now assembled in regular session does, for the County of Chautauqua, accept said portrait and directs that it be hung in the court room immediately in the rear of the judge's desk; and that the thanks of this Board be extended to Judge Marvin for this gift.

Mr. Woodward's Address.

Mr. Chairman, Gentlemen of the Board:—I know well the subject of the remarks that are engaging the attention of the Board at this hour, and know him only to admire his manly and high qualities of mind and heart.

To the young man there is something in the history of the Judge which partakes of romance. Over fifty years ago he was a member of the State Legislature and is the only surviving member of the body of that year. Over fifty years ago he was a member of the United States Congress during VanBuren's administration. In 1846 he was a member of the Constitutional Convention of New York State, which was composed of the most distinguished men from all parts of the State. From a study of his life and services we gain some conception of the existence of the nation and its achievements. He was a personal friend of soldiers of the Revolution. He knew many of the leaders of the War of 1812, and of the Mexican War, and the Civil War which we all remember. When we consider all this—the life of one man reaching back over so long and important period of our country's history—we find an inspiration for each one of us because so much has been wrought out in the nation's life within the span of a single human life.

I am a neighbor of Judge Marvin; for several years I occupied an office with him, and consider him the most learned, the most cultured, the most philosophic of any man of my acquaintance. He has read more useful books, he has gone further into literature, he knows more of history than any man of whom I know, and in spite of extreme age he keeps abreast the times in all branches of current affairs. He has achieved all this learning in art, science, literature, history and philosophy without special advantages other than those which he has made himself. All honor to such a manly man.

After the reading of Judge Marvin's letter in which he presents his portrait to this county, it is a source of pride with us to be able to accept a memorial of this illustrious man, acting as we do, as the representatives of the County of Chautauqua.

Warren B. Hooker's Speech.

"I have the honor to represent on this Board the magnificent Town of Pomfret, whose citizens I love and respect, and I cannot remain silent on this occasion without expressing the sentiment of that town for this elegant gift, and its generous giver. There are in my town citizens who have known Judge Marvin long and intimately and others who have not had the pleasure of a personal acquaintance, but who honor him for his learning, his ability and his manhood, and there is no citizen in the county in whom the people of Pomfret have more confidence and for whom they have more love and respect than Hon. Richard P. Marvin."

The picture is the most conspicuous object in the court room as well as the most elegant. It occupies the place of honor on the wall over the Judge's desk, where it will ever be an incentive to justice, to honor, to duty, to uprightness on the part of all beholders.

Presentation to Ex-Clerk Hinckley.

The Chairman directed the page, Edmund Dearing, to present Hon. O. D. Hinckley, ex-Clerk of the Board, before the bar of the Board. Addressing Mr. Hinckley, the Chairman spoke as follows:

Mr. Hinckley:—For 33 years past, previous to 1903, you have been connected with the Board of Supervisors of Chautauqua County-three years as a member representing the Town of Clymer, ten years as Deputy Clerk, and twenty years, as our capable and efficient Clerk. There is an old adage concerning men in office, that few die and none resign, but in your case, it has not proved true. A few years ago you resigned from your office of Clerk, which office you had filled so long and so well. It is now my pleasure and privilege to tender to you some little recognition of the feelings of this Board toward you for your long and efficient service, your uniform courtesy and your kindness to every member. You have served here longer than any member on the Board. Many distinguished men in the past have seen their first political service on this Board. Among these I recall Governor Reuben E. Fenton, who was Supervisor of the Town of Carroll and afterwards became Governor and United States Senator of this State. There was also Augustus F. Allen who was a member of the state constitutional convention of 1867, and was afterward elected to Congress; Dr. F. B. Brewer, who was also elected to Congress; Walter L. Sessions, who was our representative in Congress several terms, and Loren B. Sessions, State Senator. William Vorce, a former Supervisor, left the greatest memorial of all when he bequeathed his fortune of \$300,000 to the Towns of Ellery, Chautauqua and Westfield, where he had resided, for the benefit of their common schools. recall Charles B. Brockway of Ripley, T. S. Moss of Portland and Austin Smith of Westfield, the oldest living ex-official in the state. I saw him cast what was probably his last vote at the recent election, for he will be 100 years old next March.

With all these distinguished men and many others you have been officially associated, and there could be no stronger testimony as to your excellent service than the fact that you have continued during 33 years, a much longer period than any of your contemporaries have served.

None here present desires to exceed your term of service, but some younger members may follow us who will be inspired by the ambition to say that they equaled or exceeded the long term which with you is now unprecedented.

After all these years of association, we would be ungenerous not to signify in some unofficial way our feelings toward you, and therefore, in behalf of the members and employes of this Board, I now present you this easy chair, as a token of our sincere respect and esteem. Its intrinsic value is not great, but we trust that as you occupy it in the coming years, you may recall with pleasure the years you have spent here. You have earned your rest, and nothing could be more appropriate than for this Board to provide you a fit place to rest in.

We remember that you have one bad habit, and since it is your only one, we are disposed to approve your continuing it and for that purpose we also present you this box of cigars. As you smoke them seated in your easy chair, may you recall many pleasant events connected with the past 33 years, and may you have a happy life in all the years remaining to you. We regret to lose your services but we appreciate that in every man's life the time to rest must come when he must rest from severe labor. You have earned your rest, and let me assure you that in taking it none wishes you

more of happiness, comfort and prosperity than do the members of the Board of Supervisors of Chautauqua County.

Chairman Nixon's remarks were heartily applauded, showing that they met the full approval of the Board. Mr. Hinckley had received no notice or hint of the presentation. After a moment's of hesitation Mr. Hinckley said:

Mr. Hinckley's Response.

Gentlemen of the Board:—It is not necessary for me to say that I do not feel competent to express my feelings under these circumstances. Such a testimonial was entirely unexpected by me and I thank you for it. I have thought many times of my many pleasant years upon this Board. We used to have some stormy times but in later years everything has been pleasant and all the members have vied with each other to transact the business in a gentlemanly, pleasant and honorable way. I have tried to do my duty and it is a great pleasure to know that you think I succeeded. In return I can only tender you my thanks and best wishes,, all of which you certainly have. I cheerfully accept your present and shall never forget the kind words that came with it. It is a beautiful gift, but I shall prize it the most and with highest pleasure because it is a momento of your kindly feelings toward me. I wish you every pleasure and the enjoyment of long life.

Resolution Appointing Committee to Procure a Portrait of the Late Hon. S. Fred Nixon.

By Mr. McLaury of Sheridan:

Whereas, It has been customary from time immemorial to commemorate the lives and public services of those whose lives have been given for the good of their fellow men by means of sculptured marble and painted canvas, now therefore be it

Resolved, That Hon. T. A. Case, Chairman of this Board; J. A. McGinnies, Clerk, and H. R. Case of French Creek be constituted a committee to provide for and procure a life sized oil portrait of our late Chairman, Hon. S. Fred Nixon, to be placed in a suitable position upon one of the walls of this room and unveil with appropriate ceremonies at some time during the next annual session of the Board of Supervisors.

Journal, 1905; Page 53.

Hon. Theodore A. Case, Chairman of the Special Committee charged with the duty of procuring a portrait of the late Mr. Nixon spoke as follows:

Gentlemen:—At the adjourned session of the Board of Supervisors in 1905, Hon. George E. McLaury, Supervisor of the Town of Sheridan, presented a resolution authorizing the appointment of a special committee to procure a portrait in oil of our late distinguished Chairman, Speaker Nixon, to be hung upon the walls of this room. As a member of that special committee I beg to report to you that we have discharged the duty assigned to us, and disclose to your view, on this occasion, what your committee regards as an excellent product of the artist's handiwork.

To his numerous friends, who knew him in his life time, so long and so well, and particularly the present and former members of the Board, so faithful a portrayal of his pleasant face and features, will never fail to prove an inspiration not only to this and future members of the Board, but to his numberless friends and admirers throughout the state, who may have occasion, in the future, to visit this temple of justice.

It is especially fitting, in view of his long and eminent services upon the Board, his intimate relations with the social and material affairs of this great state, and particularly of Chautauqua County, that his likeness should grace the walls of the room wherein he achieved his earlier triumphs, and where he so much enjoyed, in his unconventional manner, the society of his friends and co-laborers on the Board, individual memories, deeply cherished by us all, in which he so often formed the central figure, make almost sacred to us this old chamber; and as we come and go through yonder swinging portals, that face will be the first to meet your gaze and the last upon which your eyes shall rest. But whether it shall grace the walls of this room, or that in some new and more shapely edifice that shall rise in the future upon this hermitage of a former age, it will be no less a fitting place for the likeness of that craftsman who has wrought so much of value, in years so few. While no more his real presence and genial personality will be seen and felt in our midst, yet the picture of his real self, more real than artist's pencil can trace upon canvass, rests secure as a part of ourselves, which death alone can efface; and in the presence of that shadowy form that rises before our mental visions, our hearts grow warm, and we almost fancy that we can hear in the stillness the echo of a voice, and see through the mists a smiling face.

Opinion of Attorney of Board in Regard to Charge for Conveying Prisoners to Erie County Penitentiary.

As a part of my duty under the resolution of this Board, appointing me as counsel thereto at its annual session, and at the request of your committee on Constable's Accounts at your first meeting, I advised them that, in my opinion, such accounts for services in conveying prisoners committed by Courts of Special Sessions in the several towns and cities of the County to the Erie County Penitentiary at Buffalo, were chargeable to the several localities where the offense was committed, and not to the county, as in many cases claimed and presented. I am advised that upon such opinion, the class of claims referred to were not allowed by such committee against the county. Since the adjournment my opinion regarding this question has been reinforced by a decision of the general term of the Supreme Court sitting in the Second Department.

The question arose upon a claim made by a constable of the City of Yonkers against the County of Westchester for conveying prisoners committed in said city by the courts mentioned to the Albany County Penitentiary. By this decision, Chapter 180 of the Laws of 1845, as amended by Chapter 455 of the Laws of 1847, is declared to control in such cases throughout the state. It is there held that under this statute all fees and accounts of magistrates and other offices for crimnal proceedings in the cases mentioned, down to the time of the delivery of the prisoner to the keeper of the jail or penitentiary, are charges against the town within which the offense with which they are charged was committed.

People ex rel. McGrath, v. Supervisors, 53 Hun. 157.

My attention has been called to what is claimed to be an exception to this rule in favor of the City of Jamestown by virtue of a provision in the charter of said city, which reads as follows: "Except as otherwise provided by law, the Police Justice, or Justice of the Peace acting as Police Justice, may commit any person convicted by or before him of a criminal offense to imprisonment in the Erie County Penitentiary at Buffalo, and all fees of officers for executing such committment shall be chargeable to the county of Chautauqua." I am of the opinion that the words "except as otherwise provided by law," refer to and qualify this whole sentence, so that reading the act of 1845 and the charter, as quoted, together, there is no exception in favor of the City of Jamestown and that such city is as much controlled by the authority cited as any of the cities and towns of the state.

Upon the question submitted regarding the liability of the county for services by attorneys appointed to defend prisoners charged with offences, I am of the opinion that such claims are not properly chargeable to the county. The entire current of authority in this state sustains this position. The Supervisors have no power to charge the county with such claims, however meritorious the services in any case.

DOG LAW.

Opinion of Attorney of Board.

To the Board of Supervisors of Chautauqua County:

Having been requested by your honorable body at the annual meeting thereof, to submit my views of the present status of the Dog Law of this State, so far as the same may effect Chautauqua County, and furnish a copy thereof for publication in the Journal of Proceedings, I beg to submit the following in answer to such request:

By Chapter 482 of the Laws of 1875, Boards of Supervisors in the several counties of this state, among other things, were authorized to make and administer laws imposing a tax upon dogs in the several towns for the purpose of producing means thereby to pay damages done to sheep by dogs, (see Sec. 14). By Sub. 6 of Sec. 30 of said act, it is provided that any enactment made in pursuance of the authority referred to, which shall be in conflict with any existing statute law of this state, such law or so much thereof as shall so conflict, shall for the purpose of this act be inoperative in the case or cases provided for by such enactment. On the 2nd of October, 1884, the Board of Supervisors of Chautauqua County, in pursuance of the authority conferred upon it, passed an act amending a former enactment of said Board, whereby provision was made for taxing dogs in the County of Chautauqua except in the Town of Dunkirk. The enactment of the Board of Supervisors as it now exists, will be found in the Journal of 1886. enactment was in direct conflict with a provision to be found in the revised statutes of this state upon this subject; but the Board of Supervisors having authority to legislate regarding this matter for the County, the statute of the state became inoperative in the towns affected by the local legislation, as provided by Sub. 6 of Sec. 30, referred to. Therefore, in all the towns of the county, except Dunkirk, the enactment of the Board of Supervisors controlled. On the 13th day of June, 1889, the Legislature of this State passed an act amending the revised statutes "entitled of dogs," known as Chapter 466 of the Laws of 1889. This act in very terms applies to all the counties of this state except New York, Kings and Erie. It contains many new and additional provisions, requiring registration of dogs, collars upon the neck of those registered, notice to the assessor of such as the registration of these registered. tered, penalty for neglect to register, and the killing of those unregistered. There is no repealing clause in this act, as amended. I am of the opinion that the enactment of the Board of Supervisors as published in the Journal of 1886, is still controlling upon the several towns affected thereby, in so far as the subject matter of taxing dogs is, by the very terms of said enactment, set out and mentioned, and that the act of 1889 applies to all such towns in so far as its provisions are not in conflict with the enactment of the Board of Supervisors referred to. Therefore when the act of 1889 is not in conflict with the legislation of the Board, it should be applied and observed; and it follows that such part of said act as is in conflict with local legislation upon this subject, is inoperative, as provided by the statute of 1875. It is not apparent that the legislature intended by the act of 1889 to repeal existing enactments of Boards of Supervisors upon this subject. Repeals by im-There is no positive repugnancy between the plication are not favored. provisions of the new statute providing for registration, wearing of collars, notice to assessors, penalties for neglect to register and the killing of dogs unregistered. Therefore, the legislation of the Board of Supervisors and the new statute, may stand together and are consistently reconciled.

Respectfully submitted,

Opinion of Attorney of Board as to the Right to Reconsider Action of Board in Regard to Board of Prisoners in County Jail

To the Committee upon Petitions:

Gentlemen:

At the annual session of the Board of Supervisors in and for Chautauqua County, the Sheriff of Chautauqua County presented an itemized bill for the

board of prisoners at the county jail of Chautauqua County for the preceding month. The price of board was rendered at three dollars and ninety-nine cents per week. The proceedings disclosed that this bill was referred to the committee upon Sheriff's Accounts, consisting of Messrs. Horton, Ferrin and Love, who reported to the open Board in favor of the allowance of the bill. The Board of Supervisors in open session adopted the report of the committee and audited the bill as presented. The amount so audited has been entered upon the tax rols of the several towns of Chautauqua County as prescribed by law, orders have been drawn for the payment of those bills which have been signed by the Clerk of the Board of Supervisors.

The question presented for consideration is: "Have the Board of Supervisors a legal right to reconsider their action and to fix a less price per week for the board of prisoners confined in the county jail?" I have been unable to find an analagous case reported. The right of the Board of Supervisors to reconsider their action was discussed in the case of The People ex rel. Hotchkiss v. Supervisors of the County of Broome. Following the reasoning of the learned court in that case I am of the opinion that in the absence of any fraud, falsehood, or misconception of facts, there is grave doubt as to the right of the Board of Supervisors to reconsider their action.

It was held in The People ex rel. Thompson vs. Supervisors of Schenectady 35 Barb. 408 upon the strength of many decisions that inferior jurisdictions, such as Supervisors which derive their powers from the statutes, have not the authority to reconsider, to review, revise and annul their own judicial action which has once been legally exercised.

This case is cited in People ex rel. Burhans vs. Supervisors of Kingston, 32 Hun. 607.

Opinion of Attorney of Board as to When Collectors Assume the Duties of Their Office.

The Board of Supervisors of Chautauqua County have requested an opinion as to when the collectors of the several towns, elected at the last general election, assume the duties of their office.

Section 13 of the Town Law provides that the Collectors elected in 1903, and bi-ennially thereafter, shall take office immediately upon their election and qualification. Consequently all Collectors, elected at the last general election will assume their offices as soon as they qualify and will be entitled, upon such qualification, to collect the tax for 1903.

Opinion of Attorney of Board in Matter of Application to Refund Certain Taxes.

To the Honorable Board of Supervisors of Chautauqua County:

Electa A. Wakely of the Town of Westfield, Chautauqua County and State of New York, presents a petition to the Board of Supervisors of Chautauqua County, requesting that certain taxes paid by her from the year 1881 to the year 1892 inclusive, amounting to \$25.49 be refunded.

The grounds upon which she bases her claim are that Henry Wakely received a pension from the United States government, granted to him for military services rendered during the War of the Rebellion, and that he invested said moneys May 20, 1881, or about that time, in a house and lot in the Village of Barcelona in the Town of Westfield, Chautauqua County, N. Y. That said premises are occupied by himself and family for a home and that the money paid for said premises was the pension money received by him as aforesaid. That said Henry Wakely caused the deed of said premises to be made directly to Electa Wakely, the petitioner herein, that said Electa Wakely is the wife of Henry Wakely aforesaid.

Section 1, 393 of the Code of Civil Procedure provides: "That a pension heretofore or hereafter granted by the United States or by a state for military or naval services is exempt from levy and sale by virtue of an execu-

tion, and from seizure for non-payment of taxes or in any other legal proceeding."

The Court of Appeals have held in the case of the Yates County National Bank vs. Carpenter, 119 N. Y. 550, "When the receipts from a pension can be directly traced to the purchase of property necessary or convenient for the support and maintenance of the pensioner and his family, such property is exempt under the provisions of Code Civ. Pro. Sec. 1393."

The learned counsel for the petitioner urges that under this section of the code and the case cited the petitioner is entitled to said moneys, which, he alleges, were illegally collected from the petitioner.

While we are aware that the courts have held that this section must be liberally construed for the benefit of a pensioner, yet cannot adopt the construction of the petitioner.

Section 1393 provides that a pension shall be exempt from seizure for non-payment of taxes. The courts have held that property purchased by said pension for the use and benefit of the family of the pensioner, are exempt from levy and sale by virtue of an execution, while the courts may extend the doctrine laid down in the case of the Yates County National Bank vs. Carpenter, and may hold the home of the pensioner purchased with pension money cannot be sold upon a warrant issued for the collection of a tax, yet the petitioner in this instance, having voluntarily made the payments mentioned in her petition, would not be entitled to be reimbursed.

The question of exemption is a personal privilege to be claimed by a party entitled to the same, and may be waived by him, and when so waived furnishes no ground of action for reimbursement.

The prayer of the petitioner should be denied.

Report of Attorney of Board in Regard to Towns Bonded for Railway Purposes.

To the Board of Supervisors:

In compliance with the resolution of your honorable Board, requesting information with reference to towns bonded for railway purposes, I respectfuly submit the following report:

Chapter 907 of the Laws of 1869, providing among other things "all taxes except school and road taxes collected for the next thirty years or so much thereof as may be necessary in any town, village or city, for which said town, village or city has issued or shall issue bonds to aid in the construction of said railroad, shall be paid over to the Treasurer of the county in which the town, village or city lies, and said moneys so paid over, including interest collected on bonds held by said Treasurer as a sinking fund, shall be invested by said Treasurer in state, city, town or village bonds, issued pursuant to law of this State or United States bonds, within sixty days after receiving same, and shall be held by said County Treasurer as a sinking fund for the redemption and payment of the bonds issued, or to be issued by a said town, village or city to aid in the construction of said railroads, "was repealed by the municipal law of the State of New York in the year 1892, Chapter 685, and it was provided by Section 12 of that act, that if a town, village or city has outstanding, unpaid bonds, or substituted for bonds issued to aid in the construction of a railroad therein, so much of all taxes as shall be necessary to take up such bonds; except school district and highway taxes collected on the assessed valuation of such railroad in such municipal corporation, shall be paid over to the Treasurer of the County in which the municipal corporation is located. Such Treasurer shall purchase with such moneys of any town, village or city, when they can be purchased at or below par, and shall immediately cancel them in the presence of the County Judge. If such bonds cannot be purchased at or below par, such Treasurer shall invest such money in the bonds of the United States, of the State of New York, or of any town or village or city of such state, issued pursuant to law, and shall hold such bonds as a sinking fund for the redemption and payment of such outstanding railroad aid bonds. There seems to be no limit in time excepting the termination of the bonded indebtedness.

Opinion of Attorney of Board in Regard to the Controversy Between the Towns of Arkwright and Pomfret.

The Towns of Arkwright and Pomfret have each placed upon their respective Assessment Rolls a farm owned by Mrs. Phedora White. The town line between these two towns passes through this farm, the larger portion of said farm being in the Town of Arkwright. Both towns claim the right to place this farm upon their assessment rolls. The question presented to the Board of Supervisors is which town shall retain its assessment:

Section 10 of the Tax Law of the State of New York provides that "If a farm or lot is divided by a line between two or more tax districts it shall be assessed to the owner in the district in which he resides." Mrs. White resides in the Town of Pomfret. The land is therefore subject to taxation in the Town of Pomfret and should be taken from the rolls of the Town of Arkwright.

Opinion of Attorney of the Board in Regard to Taxation of Property Purchased With Proceeds of Pension.

To the Board of Supervisors of Chautauqua County:

In conformity to your resolution relating to taxation of property purchased with the proceeds of a pension, I herewith submit to you copy of the statute of the State of New York which seems to fully answer and explain the inquiry contained in your resolution.

Subdivision 5 of Section 4 reads as follows:

"But real property purchased with the proceeds of a pension granted by the United States for military or naval services and owned and occupied by the pensioner, or by his wife or widow, is subject to taxation as herein provided. Buch property shall be assessed in the same manner as other real property in the tax districts. At the meeting of the assessors to hear the complaints concerning assessments, a verified application for the exemption of such real property from taxation may be presented to them by or on behalf of the owner thereof, which application must show the facts on which the exemption is claimed, including the amount of pension money used towards the purchase of such property. If the assessors are satisfied that the applicant is entitled to the exemption, and that the amount of pension money used in the purchase of such property equals or exceeds the assessed valuation thereof, they shall enter the word "exempt" upon the assessment roll opposite the description of such property. If the amount of such pension money used in the purchase of the property is less than the assessed valuation, they shall enter upon the assessment rolls the words "exempt to the extent of......dollars" (naming the amount) and thereupon such real property, to the extent of the exemption entered by the assessors, shall be exempt from state, county and general municipal taxation, but shall be taxable for local school purposes, and for the construction and maintenance of streets and highways. If no application for exemption be granted, the property shall be subject to taxation for all purposes. The entries above required shall be made and continued in each assessment of the property so long as it is exempt from taxation for any purpose. The provisions herein relating to the assessment and exemption of property purchased with a pension apply and shall be enforced in each municipal corporation authorized to levy taxes."

Attorney for Board of Supervisors.

Section 1393 of the Code of Civil Procedure provides:

The pay and bounty of a non-commissioned officer, musician or private in the military or naval service of the United States, a land warrant, pension or other reward heretofore or hereafter granted by the United States, or by a State, for military or naval services, as sword, horse, medal, em-

blem or device of any kind, presented as a testimonial, for services rendered in the military or naval service of the United States, and the uniform, arms and equipments which were used by a person in that service, are also exempt from levy and sale by virtue of an execution, and from seizure for non-payment of taxes, or in any other legal proceeding.

Under this section the Courts of the State have held that real estate consisting of a house and lot occupied by a pensioner and purchased with pension money, is exempt from taxation.

It is my opinion that real estate purchased wholly with pension money, and occupied by the pensioner as a home, is exempt. If, however, the pension money is mingled with other funds, and real estate is purchased with funds so mingled, the property so purchased is not, in my opinion, exempt from taxation.

In cases the office of sheriff of such county is made a salaried office, in pursuance of this subdivision, the sheriff shall collect all fees and perquisites to which he is entitled, in pursuance of law, except such as are payable by the county, and shall at least once in each month pay the same to the county treasurer, and such fees and perquisites shall become part of the general fund of the county.

Sec. 2. This act shall take effect immediately.

CHAPTER 264, LAWS OF 1907.

An Act authorizing a referendum to the resident taxpayers of Chautauqua County on certain classes of appropriations by the Board of Supervisors.

Became a law, May 1, 1907, with the approval of the Governor. Passed three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. If resident taxpayers representing five per centum of the total assessed valuation of the real and personal property situated in the County of Chautauqua, shall at any time before the letting of the contract or contracts under any resolution or other act of the Board of Supervisors of such county appropriating or authorizing the expenditure of more than twenty-five thousand dollars, sign and cause to be filed with the clerk of said Board a written and duly acknowledged petition, containing a request that such proposed expenditure be submitted to a vote of the resident taxpayers of said county as aforesaid, such resolution or other act shall not become valid or take effect, nor shall it be lawful to let any contract or incur any other or further liability thereunder, until such resolution or other act shall have been approved by a majority vote of the resident taxpayers taking part in a special taxpayers' election to which such proposed appropriation was submitted. Any other proposed appropriation by the Board of Supervisors may be submitted to a vote of the resident taxpayers of said county at a special taxpayers' election by a majority vote of the Board.

- Sec. 2. The Board of Supervisors is empowered to make the necessary provisions and regulations for the holding of such elections, either specially, at such times as the Board may determine, or at and with a general election.

- Sec. 4. Any acts done or procedure taken in violation of the provisions of this act are null and void, and shall subject the county to no liability therefor. It shall be lawful for the Board of Supervisors to defray, out of the general funds of the county, any preliminary expenses incurred for estimates, architects' services, printing requests for bids, and similar expenses incurred prior to the filing of such petitions. It is hereby made a misdemeanor for any Supervisor, or committee of Supervisors, to vote to let any contract, draw any warrant, or incur any liability, in behalf of said county under any resolution or other act of this Board of Supervisors authorizing the expenditure of money, unless the same shall have been submitted to a vote of the taxpayers, if so required by the provisions of this act. It is also hereby made a misdemeanor for the treasurer or other officer of said county to pay any warrant, issue any bonds, or incur any other obligation or liability, in behalf of said county, under any contract let or warrant drawn in violation of the provisions of this act.
 - Sec. 5. This act shall take effect immediately.

- Sec. 4. All the fees, emoluments, perquisites and profits which said county treasurer shall receive, charge or retain, or which he shall lawfully

be authorized, required or entitled to charge, receive or retain shall belong to the County of Chautauqua. - Sec. 5. In the proper book or books to be prepared by and at the expense of said County of Chautauqua such treasurer shall keep an exact and true account of all official services, performed by him, his deputy and any other person employed in an official capacity by said treasurer and of all moneys, fees, incomes, perquisites and emoluments received or charged by him or them pursuant to law, one of which books shall show therein the itemized and total receipts and disbursements for each day. Such statement shall be properly itemized, which item shall name person paying, the amount so paid by him, the services rendered for such payment and other available data.
- Sec. 7. Such statement shall show the total receipts for such year and shall have attached thereto the affidavit of said treasurer in effect that the same is in all respects a full and true statement of all moneys by him and those under him received and chargeable to said office as herein required.
- Sec. 8. At the time of the receipt by said treasurer of any of the fees, emoluments and perquisites aforesaid he shall credit the same to the general fund of the said County of Chautauqua.
- Sec. 9. Every treasurer hereafter elected or appointed in said county, shall, before entering upon the duties of said office, execute and deliver an undertaking in the form and manner provided by the county law, except that a surety or guarantee corporation may be accepted in surety. In case said treasurer gives such undertaking with a surety or guarantee corporation as surety, the cost of such undertaking shall be a county charge. Said treasurer may require an undertaking of each person appointed or employed by him, in any official capacity for the faithful performance of the duties of such person and for the accounting for any moneys which may come into his hands by virtue of such office or employment, and the County of Chautauqua shall in no particular be held responsible for any official act or said treasurer or any of his appointees.
- Sec. 10. For the purpose of conducting his said office the said treasurer, his deputy and employees shall be entitled to use and occupy, without charge or expense, any room or rooms which shall be set apart to him, by the Board of Supervisors of said county.
- Sec. 11. Any officer referred to in this act, or any appointee of such treasurer who shall receive for his own use, or neglect to account for all moneys, fees, perquisites or emoluments by law authorized to be received or intended to belong to and be for the benefit of Chautauqua, County, or any treasurer, who neglects to render to the clerk of the Board of Supervisors of said county such annual statement containing therein an account of all fees, perquisites or emoluments received, or to credit the same as therein required, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall forfeit his office or appointment and shall be punished in the same manner as provided by law for the punishment of misdemeanor for which no punishment is especially prescribed.

- Sec. 12. All acts or parts of acts inconsistent with this act in so far as the same relates to Chautauqua County are hereby repealed.
 - Sec. 13. This act shall take effect immediately.

CHAPTER 101, LAWS OF 1907.

"An Act authorizing the Board of Supervisors of Chautauqua County to declare the office of County Clerk of such county, a salaried office, and to fix and determine the amount of compensation and regulating the management of such office," as amended by Chapter 39 of the Laws of 1908, entitled "An Act to amend Chapter 101 of the Laws of 1907," entitled "An Act authorizing the Board of Supervisors of Chautauqua County to declare the office of County Clerk of such county a salaried office and to fix and determine the amount of compensation and regulating the management of such office," relative to fixing and establishing the fees for abstracts in said County of Chautauqua.

- Sec. 1. The Board of Supervisors of Chautauqua County is hereby authorized and empowered, in its discretion, by a majority vote of all the Supervisors of such county, at any regular annual meeting, to decide that the office of County Clerk of such county shall be a salaried office and to fix and determine the salary and compensation to be received by such county clerk, and to prescribe such rules and regulations as are necessary to secure prompt and efficient service in the conduct of such office, and the clerk of such county next thereafter elected shall receive the salary so fixed and determined and shall receive no other compensation. The salary so fixed shall not be increased, nor diminished during the term for which such clerk shall have been elected. The sum so fixed as the salary of such county clerk may include the amount to be paid to deputy clerks and all other persons employed in such county clerk's office and in that case such county clerk shall pay from the sum so fixed the entire expenses of such office including the salaries and wages of deputies and all other persons employed therein and may increase the wages of deputies and all other persons employed therein and may increase or dimnish the same at his pleasure, but if the amount so fixed shall only include the salary of such county clerk then the Board of Supervisors shall determine the number of deputies, special deputies and other persons to be employed and shall fix and determine the amount of salary and wages that each person so employed shall receive and may increase or diminish their salary or wages at pleasure, and may provide that any or all of such deputies or employes shall give a bond for the faithful permance of their respective duties, and fix the penalty thereof. Such bonds shall be approved in the manner provided for approval of the bond of the county clerk. Such salaries and wages shall be paid in the same manner as the salaries of other county officers are paid.
- Sec. 2. It shall be the duty of said clerk to perform all services, which he is or shall be required or authorized by law to perform by virtue of or by reason of his holding such office, for the state, for the county, and for individuals, including his duties as clerk of every court of which he is or shall be clerk, and no compensation, payment or allowance shall be made him for his own use for any such services, except the salary aforesaid.
- Sec. 3. All the fees, emoluments and perquisites which such clerk shall charge or receive, or which he shall legally be authorized, required or entitled by law to charge, or receive, shall belong to the County of Chautauqua. It shall be his duty to exact, collect and receive the full amount allowed by law of all such fees, emoluments and perquistes for said county, except for searching and certifying the title to, and incumbrances upon real property, for which he shall charge for each year for which the search is made, for each name, and each kind of conveyance or line, such sum or sums as the Board of Supervisors of Chautauqua County shall fix and determine and the said Board of Supervisors of Chautauqua County is hereby authorized and empowered to fix and establish the amount or amounts so to be charged and collected by him. Such clerk shall require payment in advance for recording all papers left with him for record, and shall also, in each case, require payment for all other services rendered by him or his as-

sistants in his or their official capacity by virtue of any law of this state, or by order of the Board of Supervisors of said county or any duty that may hereafter by law be devolved upon him.

- Sec. 4. In a proper book or books, to be provided at the expense of said county, such clerk shall keep an exact and true account of all official services performed by him or his assistants, and of all money, fees, perquisites and emoluments received or chargeable by him or them pursuant to law. Such book or books shall constitute a part of the records of said office, and shall, at all times during office hours be open to the inspection, without fee or charge therefor, of all persons desiring to examine the same.
- Sec. 5. Such clerk shall make a full and true statement for each calendar month of all moneys received each day by him, or by his assistants, for fees, perquisites and emoluments, for all services rendered by him or them in his or their official capacity, and shall transmit and deliver such statement to the county treas urer of said county within five days after the expiration of said month. Court House, Jail and County Offices of Chautaugua County.

When the organization of the County of Chautauqua was completed in 1811, it became the duty of the new Board of Supervisors to fix a place for holding the Courts of the County until a Court House could be erected. The Supervisors met and selected the Inn of Captain John Scott in Mayville, then a log house tavern.

Before the first court was held Captain Scott with the assistance of other citizens of Mayville hastily procured green lumber sawed at Reuben Slayton's saw mill in the present Village of Ashville, and floated it down Goose Creek and up the lake to Mayville and erected a two-story plank framed house in front of and adjoining the log tavern, with a shingled roof, temporary rough floors and temporary windows. In the lower story of this new unfinished, plank house, the first "Court of Common Pleas and General Session of the Peace" was held on the fourth Tuesday of June, 1811, and the upper story afforded lodging rooms for a portion of the officers of the court and bar and others attending court. This same building, in a more finished state, was used for succeeding courts until the completion of a new court house.

At the meeting of the Board of Supervisors in October, 1811 a contract was made with Winsor Bingham of Mayville to erect and finish a two-story wooden frame building for a Court House and Jail on the site designated by Messrs. Isaac Sutherland, Jonas Williams and Asa Ransom, the Commissioners appointed for that purpose by Governor Lewis, November 15, 1808. lower story of this building was to contain three cells (two for criminals and one for debtors), on the east side of the building with a narrow hall or alley passing between the cells and the dwelling part. And the dwelling part of the building was to contain a large kitchen with fire place, oven, sink, and closet, a living room and two bed rooms. There was to be a well joining the north side of the house at the north end of the jail hall. remains of this old well served to locate the site of the original Court House, which was on the front part of the lot occupied by the present court house with its front or western margin near the east side of Portage Street. The upper story contained the Court House on the south side of the building and two jury rooms and was reached by a broad stairway from the west facing Portage Street. The walls, floors and ceilings of the cells were of double courses of hewn hard wood timber, crossing each other, dove-tailed at the corners and firmly bolted and spiked together. On account of the War of 1812, the completion of the building was delayed until 1815. June term of the Court of 1814 was held in it although the Court Room was not plastered, but it was too cold to hold the ensuing November and February terms. It was finally completed and occupied in 1815, the cost being \$1,500. This was probably the first framed public building in the county and in fact at that time nearly all buildings, whether public or private, were of log construction.

In 1832 the jail part of the building being deemed too contracted and having become dilapitated and unsafe for the detention of prisoners, the

Legislature passed a law requiring the Board of Supervisors to provide for the erection of a new jail, which was done and a brick building, 60x30, two stories high was constructed on or very near the site of the present jail at a cost of \$5,000. This building while considered at the time it was built a very well appointed and suitable jail building soon proved that it was very The cells were narrow, damp, stone structures, poorly lighted and ventilated, with no modern sanitary conveniences and not a proper or humane place in which to confine any one. Committees from the Board of Supervisors and grand juries made numberless drastic reports, condemning it and finally the Board of 1894 authorized the building of an annex provided with steel cells and modern furnishings, which was completed in 1895 at a cost of \$14,000. This building was not large enough, however, to accommodate all of the inmates of the jail. From necessity some of them were forced to be confined in the old part, so in 1900, the Board authorized the tearing down of the old structure and the building of an addition to the part previously built at an expense of \$15,000. Before the contract was let, the old part was practically distroyed by fire and the new part slightly damaged. In 1901 the authorized addition was built making the present jail.

The first County Clerks of the County probably held their office in the Court House, and the first County Treasurers being appointed instead of elected, were generally residents of Mayville and held the office in their house or place of business. The first Treasurer was William Peacock who kept the treasurer's office in the Land Office the old vault of which is still standing in the grounds of the Peacock Inn property. Later on the County Treasurer had a safe in the County Clerk's office. In 1824 the Board authorized the building of a County Clerk's office at an expense of \$700, and the front part of the present County Treasurer's office was built, and used by the county clerk until 1859 when a new building was built north of this building for the use of the County Clerk at an expense of \$2,500, and the old building turned over to the County Treasurer. In 1894 an addition was built to the Clerk's office at an expense of \$5,000, and this building comprises the present county clerk's office.

In 1834 on the petition of many of the citizens of the county an act was passed directing the building of a new Court House. The act provided for a commission consisting of Thomas B. Campbell, William Peacock and Martin Prendergast to contract for and superintend the erection of such a building and also for the loaning of \$5,000 to the county by the state at 6 per cent. interest to pay the cost of the erection of the building, the state to be repaid in five annual installments.

The Commissioners contracted with Benjamin Rathburn of Buffalo to erect the exterior of the building, which was finished during the summer of 1834 and it was found that the appropriation was exhausted leaving nothing for interior finish or decoration. At an adjourned session of the Board of Supervisors held in December, 1834, resolutions were passed strongly condemning the acts of the commissioners as tending to burden the county with a heavy expense for a larger and more costly building than was needed and accusing them of wishing to advance the interests of Mayville at the expense of the County. The Legislature was also asked to remove Messrs. Peacock and Prendergast and appoint Elial T. Foote and Leverett Barker as commissioners in their stead. The next legislature, however, passed a law requiring the raising of an additional sum of \$4,000 to complete the building and, instead of removing the commissioners, Messrs. Foote and Barker were

appointed additional committee. This appropriation completed the building which has been occupied by the Courts of Chautauqua for nearly three-quarters of a century.

The last trial held in the old building was the trial of Joseph Damon for the murder of his wife. He was found guilty and sentenced to be hanged. This was the only public execution ever held in the county and the last public execution held in the state.

For nearly seventy-five years this building was used for the County, Supreme and Surrogates' Courts, for the meeting of the grand jurors, the Sessions of the Board of Supervisors, the holding of political conventions, and other public meetings. Probably no building in the county had clinging about it so many historical reminiscences or was regarded with such a feeling of reverence as this old court house. Within its walls, for nearly three generations, had been enacted the tragedies and comedies of life. Heavy hearts and gay had passed out and in its classic portals. Men prominent in the affairs of county and state and who were contemporary with and the friends of such men as Webster, Clay, Seward and Lincoln, have sat upon the bench and appeared before the bar to plead the cause of justice and of right.

But in the passing of time, owing to the increase and volume of the county business, it became necessary to provide more room for the several county offices. The county library, the surrogates' office and the treasurer and county clerk's department imperatively demanded more space in which to do their work and to file the accumulating and valuable records of the In 1905 the committee on public buildings was authorized to take up the matter of enlarging and improving the county building occupied by the County Clerk and Treasurer and report at the annual session of 1906. Pursuant to this resolution, the committee presented a plan at the session of 1906 providing for the enlarging of the county clerk's office by the addition of two brick wings and the building of a second story over all at an estimated cost of \$30,000. On motion, consideration of this report was postponed until the adjourned session of the Board in November. The Chairman of the Board, Hon. Theodore A. Case, of Ellington, and E. J. Daugherty of Busti were added to the Public Building Committee which was directed to procure plans for the erection, on the site of the present court house of a building suitable for a court house and large enough to contain all the county offices located at the county seat, and present same at the November session. When the Board met in November a majority of the committee presented a report recommending a plan prepared by W. J. Beardsley of Poughkeepsie. On roll call, the report was adopted by a vote of 16 ayes, 14 nays. On motion Thomas Hutson of Mayville, A. M. Cheney of Ellery, T. J. Cummings of Dunkirk, Leon L. Fancher of Jamestown, Theodore A. Case of Ellington and E. J. Daugherty of Busti were designated and appointed a building committee on behalf of the Board of Supervisors of Chautauqua County to have charge of the erection of the building and the sum of \$135,-000, or so much thereof as might be necessary, was appropriated to defray the cost. On the roll being called, this resolution was adopted by 16 ayes and 14 nays.

Immediately after the adjournment of the Board in November, 1906, the charge was made by some members of the public press that the affirmative vote on the proposition to build a new court house had been secured by bribery and other improper influences, and the district attorney was called

upon to investigate and bring the matter before the next grand jury. These charges producing such a strained feeling throughout the county and fear being entertained that the legality of the bonds might be questioned, a special meeting of the Board of Supervisors was called for December 3, 1906 to take such action regarding the current charges effecting the Board as might be thought advisable. At this meeting, after considerable discussion, a resolution was offered recommending that Frank W. Stevens of Jamestown, be employed to investigate for the county, the legality of the vote and bond issue and all questions connected therewith; this investigation to be independent of any action taken by the District Attorney. This resolution was lost and the special meeting adjourned without further action. At the ensuing December term of the Supreme Court, the charges were thoroughly and impartially investigated by the District Attorney, John K. Patterson, Jr., and the grand jury in attendance and shown to be unfounded and unwarranted.

The building committee provided for by the resolution authorizing the erection of the new building proceeded to advertise for bids according to the plans and specifications of Architect Beardsley and Messrs. Shellberg, Lindquist & Bailey, a contracting firm of this county, were found to be the lowest with a bid of \$125,101. In the meantime certain taxpayers of the county raised the legal question as to the authority of the committee to make any contract that would be legal or binding upon the county and threatened to enjoin them from signing or entering into any contract for the erection of the building. This question being thought of sufficient importance to warrant, a special meeting of the Board was called which met at Mayville, February 11, 1907, but on account of the sickness and inability of several members to be present, was adjourned to February 20, at the same place. At this adjourned session the entire Board was present except Alonzo J. Martin of Kiantone who was sick at his home. After considerable discussion, a resolution was offered to the effect that all action in regard to the building of a new court house be deferred until the question as to whether such a building should be erected or not, could be submitted to a vote of the people at a special election to be called for that purpose, but this proposition was defeated by a vote of 15 ayes, 14 nays.

Unanimous consent was then granted to reconsider the vote by which the November resolution providing for a new court house was adopted. A substitute resolution was then offered and adopted which covered the technical objection that had been raised as to the authority of the committee. Mr. Fancher of Jamestown, having withdrawn from the committee, Mr. E. A. Austin of French Creek was added to fill the vacancy, the contract was signed and the long strenuous and stormy fight over the erection of necessary and suitable county offices was over.

While a great deal of sectional bitterness and personal feeling was engendered during the struggle, due in a large measure to the fact that it was recognized that the erection of this building would permanently settle the question of the county seat and do away with any further agitation of that character, yet now that it is completed, all sections of the county are satisfied and proud of the beautiful, commodious and well arranged edifice that graces the old historic site at Mayville. May it serve the people of the county as long and as well as did the one it has replaced.

The new home for the courts and offices of the county is a building 90x140 feet, two stories, eighteen feet each and an attic in height with a

twelve foot basement, built of Ohio sandstone with tile and copper roof. The inside finish is quartered oak and marble and the building is practically fire-proof construction. The design is colonial and presents a chaste and beautiful appearance throughout.

On entering the building one finds themselves in a large lobby with tile floor and marble wainscoting. On the right of this lobby is a suite of rooms for the use of the Surrogate and the housing of the county library. On the left are the offices of the County Treasurer, and directly back of the lobby is the county clerk's department. A winding stair leads from the left of the lobby to the second floor landing in a large central hall or corridor. On the right of this corridor are the Supervisors' chambers and committee rooms, on the left are the grand jury rooms, witness rooms and office of the District Attorney, and at the back is located the court room and retiring room for the county and presiding judge. Coat and toilet rooms are provided and the entire interior is convenient and well arranged. The new court house was finally completed and accepted on behalf of the county by the Board of Supervisors at a special meeting of the Board held on Tuesday, August 17, 1909, in the new building.

County House and Farm.

It has been said that nothing guages the intelligence, and progress of a community, nor marks its advancement in Christianity and civilization, as does the treatment accorded by that community to its poor and needy. Judged by this standard, the people of Chautauqua County, from its first settlement until the present time, have nothing for which to blush or be ashamed. Not only have the people made ample provision by taxation for this purpose, but they have interested themselves to see that the money thus received was honestly and judiciously expended for the benefit and best interests of those who needed it most.

Today the county has a poor farm of 438½ acres well stocked and in a high state of cultivation. One of the most commodious, convenient and beautiful county houses in the state with a well equipped hospital in connection, both well heated and lighted and provided with all modern conveniences. Its standing is such that it has been rated for years in the first class by the State Board of Charities.

It is our purpose to sketch briefly the growth of our present, complete and humane arrangements for the care and maintenance of the poor and unfortunate, from its very humble beginning in 1830, and in doing this we acknowledge our indebtedness in a large measure to a sketch of the "County Farm and Poor Department of the County" which appeared in the Journal of Proceedings of 1870.

From the settlement of the county to the year 1830 there is practically no authentic record of the business of the county charities. In the new settlement men were drawn together by their common necessities. There were no idle rich or well-to-do in those days. Every one was engaged in a strenuous struggle with nature to wrest from the wooded hills and valleys of our county, a home and the means of sustenance for himself and family. All men were neighbors in those days and if, by reason of sickness or other unavoidable cause, a man needed assistance, his neighbors constituted themselves officers of relief and public paupers were practically unknown.

During the period prior to 1830, the Overseer of the Poor of each town were the only poor officers in the county. They relieved any person who was a resident of their own town, the expenses thereof being a town charge, and for such relief as they administered to temporary residents, or as we would now say to "county" paupers, they presented properly certified bills through their town Supervisor to the Board of Supervisors for audit. These bills, when allowed, were paid out of the county treasury.

The law and rule as to what constitutes a town or a county pauper were practically the same as at the present time.

Although under the statutes the Board of Supervisors had authority to choose superintendents of the poor, they did not exercise it, probably from reasons of economy and because in their judgment the business of county relief was too small to require special officers for its management.

But on January 1, 1830, a law went into effect making it compulsory on Boards of Supervisors to appoint superintendents of poor and so in November, 1830, the Board met in joint session with the Judges of the Court of Common Pleas and chose five superintendents of poor. viz: Abiram Orton of Pomfret, brother of Philo Orton, the first chairman of the Board of Supervisors; William Prendergast of Chautauqua, a brother of James Prendergast, the founder of Jamestown; Solomon Jones of Ellicott; Thomas B. Campbell of Portland and Jonathan Hedges of Charlotte, all of them being substantial representative men of the county.

There are two systems of administering relief in this state and each county can choose between them. There is the county system under which all poor expenses of every kind are paid by the county and there is the county and town system under which there are two classes of poor known as "Town" and "County." Under this system the expenses of the "Town" poor are paid by the locality in which they have a legal residence and the expenses of the "County" poor are paid by the county.

As has been stated, the system of "Town" and "County" poor was first adopted by this county, but in 1832 the Board of Supervisors passed a resolution abolishing the distinction between "Town" and "County" poor and providing that thereafter all poor expenses should be a charge upon and be paid by the county. This system continued in force until 1890 when largely through the efforts of Mr. L. C. Warren, Supervisor of Stockton, and after one of the hardest fights in the history of the Board, the distinction was revived by a vote of nineteen ayes and four nays, not voting, six; and we now have the "Town" and "County" system of relief.

It was on this memorable occasion that the Hon. Julien T. Williams of Dunkirk, who was leading the opposition, held the floor during one afternoon until the hour of adjournment, by reading from the Journal of 1870, and thus prevented a vote on the proposition.

The next morning a resolution was adopted limiting debate on the question to ten minutes for any member, which enabled the friends of the measure to force a vote and pass it. There always has been and no doubt always will be differences of opinion as to which is the better of the systems. The men charged with the management of the affairs of the county in 1832 believed that with the then existing conditions the "county" system was the fairest, most economical and for the best interests of the county. In 1890 conditions in the county were very different from what they were in 1832 and it then seemed to a majority of our county legislators and to those interested in the care and maintenance of the poor and needy that the "Town" and "County" system was the better. At least it seems to have given universal satisfaction since its adoption and no attempt has ever been made to return to the former method.

Prior to 1832 the county poor were scattered over the county maintained in private families, or rooms rented and keepers hired for them. Not only was this method expensive but conscientious citizens regarded it as inconvenient, inhuman and a disgrace to the county.

In 1826 the matter of a county poor house was agitated and in 1830 the Board by resolution authorized the superintendents of the poor to purchase a tract of land not exceeding one hundred acres, in some central and convenient location, and to erect thereon suitable buildings for the reception of the poor. In conformity with this resolution, the farm of L. C. Todd, of ninety acres, of which twenty-five was improved and located at Dewittville, was purchased and a county alms house erected at a cost of \$3,521.26 and opened to paupers on the 21st of December, 1832. The first keeper was William Gifford of Mayville and the first inmate was Jacob Lockwood, a lunatic, who remained there over thirty years.

This first county house was 32x94, 24 feet high, built of brick and was considered a substantial and commodious building and was a credit to the liberality and humanity of the people of the county and to the men who had fathered the enterprise. From this first farm and first county house has grown gradually and as the county's needs required, our present institution. In 1841 81 acres were added to the farm; in 1863 19 acres; in 1864, 41 acres; in 1869, 75 acres; in 1883, 20 acres; in 1886, 12½ acres and in 1903, 100 acres, completing the present farm of 438½ acres.

New out buildings were added to care for the increased stock and produce of this increased acreage. Buildings were constructed for the care of the insane which culminated in the erection, in 1868, of a modern asylum 36x100 feet at a cost of \$20,000. In 1868 the first county house having become wholly inadequate for the necessities of the county, the Board of Supervisors authorized the erection of a new one in "accordance with the best judgment of the committee." January 11, 1869 the contract was let to Silas Vinton of Cherry Creek and the buildnig was completed and accepted by the Board of Supervisors at its annual session in 1870. This is the present building now on the farm and cost \$36,226. The committee in charge was Messrs. F. B. Brewer, Westfield; Augustus F. Allen, Ellicott, and M. P. Bemus of Chautauqua. These gentlemen as well as the Board of Supervisors of that year, are entitled to the thanks of posterity for the very adequate and artistic building which they planned and erected. Little has been added to this main building by later Boards but in 1898 part of the insane asylum was remodeled into a hospital building at a cost of \$3,000 and in 1903 a building was authorized and built at a cost of \$15,000 to be used in connection with the main building and hospital.

There has also been constructed in later years a contagious hospital, a detached centrally located heating plant, supplying heat and power, an acetylene gas plant has been installed, a new reservoir built and the toilet and bathing facilities increased and made more sanitary. Today we feel safe in saying that no county in the state has a better equipped, better located or better or more economically managed county house than Chautauqua county, nor one where its unfortunate inmates are better cared for.

The care of the insane of the county was a serious question and very perplexing to the Board of Supervisors. In 1843 the county poor house was declared to be a Public Lunatic Asylum and the question was finally solved by the erection in 1868 of a modern building to be used as an asylum and thereafter this class of unfortunates was well cared for, but in 1890 a law was passed making the care of the insane a state charge. Chautauqua County with other rural counties fought hard to be allowed to care for their own insane as they had demonstrated that it could be well done by them and at less than one-half the expense of state care. Their efforts, however, were of no avail and for years the cost of maintaining the insane at state institutions was one of the heaviest items of expense upon the county.

The Superintendents of the Poor were first appointed by the Board of Supervisors so that the Supervisors not only had to provide the funds for the payment of the county poor expense, but in a way they were also responsible for their economical and judicious use. In 1846 the constitution made the office elective and making the number optional with the Board of Supervisors.

In 1890 the Board by resolution fixed the number hereafter to be elected, as one, which resolution is still in force.

The annual inventory of the County House and Farm for 1908 fixes the value of the farm at \$15,540, and buildings at \$120,000. The value of the stock and tools is \$12,000.

There was sold from the farm during the year, products to the value of \$3,700, and the estimated value of the farm products on hand was \$5,000. These figures show in a practical way the value of the county's investment in the work of relieving the poor and unfortunate and demonstrates the liberality and kind heartedness of our citizens and their belief in the injunction "Blessed is he that considereth the poor."

Resolution Fixing the Salary of the County Clerk and Deputy Clerk.

Mr. Scofield, Chairman of the Committee on County Clerk's Accounts, submitted the following report:

To the Board of Supervisors:

Gentlemen:—Your Committee on County Clerk's Accounts reports as follows:

We have, pursuant of resolutions of the Board at its last annual session, 1908, gone over the County Clerk's office from time to time, and the affairs at all times seem to have been well managed, and the work of searching well kept up, and the system of charges of actual cost has been very satisfactory, and we recommend the continuance of the same.

Under the laws of 1908, Chapter 39, the Board of Supervisors of the County of Chautauqua was authorized to establish the salary of its County Clerk. After investigation from other counties as to what was paid their clerks, and knowing the responsibility of a Clerk for any error his searchers and under clerks might make, and in considering the increase in business, we recommend that the salary of the Clerk of Chautauqua County, be-

ginning with January 1st, 1910, be \$2,000, paid monthly from funds available for that purpose, and that the salary of the Deputy Clerk be \$1,200.

And we further report that every one connected with the offices of this new building are more than pleased with their new quarters.

Adopted.

M. W. SCOFIELD, E. W. CONNELLY, L. C. WARREN,

Committee.

Resolution Fixing the Salary of Janitor.

By Mr. Cheney of Ellery:

Resolved, That the salary of the Janitor be fixed at \$900 per annum to be paid monthly by the County Treasurer, out of funds appropriated for that purpose.

Adopted.

Resolution Fixing Expense Allowance of School Commissioners.

By Mr. Anderson of Ellicott:

Resolved, That each School Commissioner of Chautauqua County be allowed a total of \$200 per annum for expenses, in addition to the salary of \$1,000, now paid to such officials, this sum to be in lieu of all claims for expenses of any kind or nature, except expenses attending upon grade examinations in the district schools, and that this expense account be paid quarterly at the same time and in the same manner as the salaries of such officers are now paid.

Adopted.

Resolution Fixing Salary of Surrogate Clerk.

By Mr. Anderson of Ellicott:

Resolved, That the salary of the Clerk of the Surrogate Court of Chautauqua County be and the same is hereby fixed at \$1,200 per annum, beginning on the first day of January, 1910, the same to be paid in monthly installments, the same as other salaries of the county employes are paid.

Adopted.

Resolution Fixing Allowance for Judge's Chambers at Fredonia.

By Mr. Stearns of Pomfret:

Whereas, Special and other terms of the Supreme Court of the State of New York are being held in the Chambers of Mr. Justice Hooker, on the second floor of the Village Hall in Fredonia, N. Y., and Mr. Justice Hooker is being regularly designated to hold such terms of court in the future at such place, therefore be it

Resolved, Pursuant to Section 31 of the Code of Civil Procedure, that the sum of \$150 be and the same is annually appropriated (so long as such court is continued) for the rental of such chambers for court purposes and the rental of a telephone to be installed therein.

Adopted.
