Early Settlers of the Middle Mohawk Valley

(Furnished to the Enterprise and News by E. J. Sheehan, Montgomery County Archivist)

Names Appearing in the Queen Anne Chapel Register of Fort Hunter for the Years 1734-1746

The names are of persons baptized, the parents and sponsors. Also the names of persons married. Photostatic copies and typewritten copies of the records are on file in the Montgomery County Department of History and Archives and also in the Manuscript Division of the New York State Library at Albany. This register also contains a great number of Indian names which do not appear in the following list.

We feel that the publication of this list will be very useful to the readers of this paper, especially those interested in family history.

The Montgomery County Department of History and Archives is very grateful to the New York State Library, for making it possible for us to copy and index this register.

TWO CLASSES HOLD BANQUET

Juniors and Seniors Make Merry at Cherry Valley. Graduates Present "Three Ring Circus." Gift for Miss McCormell, Junior Class Adviser.

Member of the senior and junior classes of the high school held their annual banquet Thursday evening at Lyon Tavern, Cherry Valley. Walter Zwchuck was toastmaster at the senior table and William Don, president of the junior class, presided over the speaking at the underclassmen's table.

The classes were in separate rooms during the meal, but later joined in dancing, to the music of Leon Jeffers and his orchestra.

The seniors had a highly humorous speaking program, which they built upon the pattern of a three ring circus. Betty Matteson was the "trained seal," Connie Miller the fat lady, Eileen Zoller the bareback rider, Oscar Kochi the lion tamer and Richard Grant a clown. Principal David H. Robbins, Joseph H. Reaney and Coach Hof each spoke briefly. Miss Annabelle McConnell, faculty adviser, raised the class for its active year, and the class presented her with a gift in appreciation of her careful guidance.

John Reardon and Barbara Beekman lauded the work of the juniors, at the table set aside for that class. While Robert Crangle gave a humorous description of the members' favorite methods of doing lessons. Donald Lenig gave a class prophecy, picturing the members as they might appear in 1946. Mrs. Fred Horne and Alfred Case also spoke briefly at the senior table.

Both classes vied for supremacy at dancing, during the evening.

SEVENTY-FOUR BONUS LETTERS DELIVERED HERE

Postal Authorities in St. Johnsville Made Prompt Deliveries. About 30 Veterans Still to Hear From.

Strange as it may seem there are people in town who apparently do not care for their bonus. Several are known to have neglected to make out their papers. Others are away, some perhaps whom it will take time to trace. So far the American Legion has located about 106 veterans from St. Johnsville eligible for the bonus. The records show that about 160 entered the service from St. Johnsville. There were seven casualties. Several have died since the war. But there must be nearly fifty still alive who have removed elsewhere. Naturally they will hear of their good fortune and sooner or later produce proof of identity.

1800 SHRUBS TO BE PLANTED HERE

School Grounds to be Beautified by Board of Education. Mr. Reaney Presents 100 Shrubs to Community House and 500 to Transient Camp.

The community will soon be enriched to the extent of some 1800 shrubs, 1200 of which will be placed on the high school grounds. Here the shrubs act in a dual capacity, that of ornamentation and as anchors to prevent erosion and soil slides. The nature of the ground on the high school hill is clay subsoil. Whenever cross sections are cut by roadways or other excavations there results the treacherous soil slides which are so hard to control. It is agreed by experts that spirea Van Houttei will do well on this soil and also throw a deep root network into the banks which is an ideal binder. Also the beauty of this shrub will be a delight when in its full blooming season.

The Community house will receive 100 shrubs, the gift of Mr. Reaney and 500 more from the same donor will be set in the foreground of the transient camp. The landscaping is under the direction of Mayor Rush Lewis whose taste in such matters is excellent.

The planting will be done this week. On the school grounds the planting is about half completed. The problem of getting a shrub to live in the clay bank on the school house hill is of major consideration. A steady rainfall would be welcome as the plants have to be watered by hand. Spirea Van Houttei is said to be the best shrub for the purpose intended and in fact any other shrub would be extremely hard to root in the clay soil. The spirea Van Houttei is noted for its feathery light green foliage and its wealth of white cluster blossoms which range the full length of the drooping stalks forming a waterfall effect. If these plants thrive the school grounds will be a novel sight in the early summer when the billows of white wreaths are all in bloom.

Fine for All Night Parking

The declaration on the part of po-
lice that violators of the restriction
against all night parking will be pun-
ished, is no idle boast. Three local
people and a Frankfort man are
among those arrested for leaving

dusk to dawn. They are Ruth Luft,
Chester Steele and Anthony Laconi,

fort. All were arrested by Police Of-
