DARKE COUNTY, OHIO - MARRIAGES - 1817-1840

The marriage records in this book were compiled from the original Court House records. Many of the names will not be spelled as they are today as the writers of the records in early days often spelled by sound. When checking for a surname it would be advisable to check every possible spelling. Several examples being, "Petsingburger-Pittsenbarger", "Capass, Coppess, Copess", "Crun, Krum", etc.

An attempt has been made to state the book and page on which the marriage records were found, but this could not be done throughout as many of the pages in the original books were not numbered.

It also should be mentioned that there is a W. P. A. file of marriages in the Probate Court, of the Darke County, Ohio, Court House. The compilers have found several marriages in the original books which were not included in the W. P. A. file. This W. P. A. file is the file used by the clerks of the Probate Court.

In copying the marriage records, the compilers also found in the original books, the recording of licenses of ministers authorizing them to perform marriages in Darke County. This is included herewith as it may be of interest and assistance as a reference to this book.

In closing the compilers can summarize this work by saying that "complete accuracy" in this type of material is rarely possible, but that these pages have been prepared with critical care and a real desire for correctness.

The Compilers:

Mrs. Don Short
Mrs. Dale Bowers
