Ministers and others who performed marriages, made infrequent trips to the county seat to record the marriage ceremonies. This volume includes marriages that took place between April 1, 1852 and December 31, 1869, in Lane County, Oregon.

Poor handwriting and faded ink have made some names difficult to read. Occasionally, surnames have had more than one form of spelling within the same family. The compilers have not altered the spelling nor the order of listing, in copying the material for this volume from Marriage Books A, II and III, as found in the Lane County Court House, Eugene, Oregon.
