

Gonant Genealogy.

Conant Genealogy.

The following list contains the names of Conants who can not be properly placed in the genealogy of the family. Recipients of the list are urgently requested to examine it carefully and if information can be given, however slight, about any of the persons mentioned, communicate it at once.

About 1880, the systematic collection of material concerning the Conants was begun and in 1887 "The History and Genealogy of the Conant Family" was published. That edition is now exhausted and a new and complete work is needed. Since that date, a large portion of the time of the compiler has been devoted to the collection of new matter and correction of the errors which unavoidably occur in a work of the kind. Much new material has been gathered and it is hoped to publish a revised edition at an early date.

If the recent changes in family records have not been sent, please do so at once.

Please give names of ancestors as far back as possible, the history of each person, his present and former residences, occupation or profession, army record or such other facts as will be of interest to those who come after us to know.

WRITE ALL NAMES IN FULL.

Those owning old houses, portraits, plate or furniture, illustrations of which would embellish the proposed book, are requested to notify the compiler.

The hearty co-operation of every member of the family is desired as accuracy and completeness can only be obtained if this is given.

Sincerely yours,

FREDERICK ODELL CONANT.

229 Commercial St., Portland, Maine.
