Condensed Table of the Block Island Branch of the Dodge Family in America.

By RICHARD D. DODGE, Brooklyn, N. Y., 1898.

In this table the names of those dying in childhood are generally omitted; the figures placed before the names are the order in each generation, those immediately after the names are the dates of birth when known, and the others are the pages on which they are found in Robert Dodge's "History of Tristram Dodge and his descendants in America" and in the Appendix thereto by the author of this table. A dagger in the seventh column marks those known to have had children.
