Day

Old records state that the name Day was spelled various ways, such as Day, Daye, Daie and D'Aje. The earliest record tells of Richard Day who lived at Newport, Shropshire in the late 15th century. His son, George, became Bishop of Chichester and one of the king's chaplains at London. The family was well known as printers and religious reformers. John Day was the most noted, and he suffered imprisonment for his religious views. He produced in 1563 the first collection of psalm tunes in London.

Many ancestors of this family are prominent throughout our country in the field of art and the world of business.

DIRECT LINEAGE FOR THE FAMILY OF ALFRED DAY BACK TO ROBERT DAY OF HARTFORD, CONNECTICUT

Generation

1 – ROBERT DAY

b. 1604 in Wales. He and his first wife, Mary, came to America in April 1634. Their names are found in the list of passengers of the bark Elizabeth in which they took passage from Ipswich in England to Boston in New England. Efforts to trace him before that time have been unsuccessful but the compilers of the first Genealogical Register of the Family of Robert Day firmly believe he came from the Dees of Wales. Dee being pronounced Daye or Day by the English. Mary died soon after they had settled in Newtown, now Cambridge, Robert was made "freeman" May 6, 1635 which shows him to have belonged to some church in the jurisdiction. To be a freeman in the colonial period a man must be at least 20 years of age, own property worth 200 pounds, be a member of good standing of a church, swear to abide by and uphold the laws. He was then recognized as a voter and a citizen. Robert married 2nd Editha Stebbins, sister of Deacon Edward Stebbins (or Stebbing) and in 1639 we find him living in Hartford, Conn. He was one of that town's first settlers and his name can be found on the monument that was erected to their memory. He was probably in the company of one hundred persons who penetrated into the wilderness in 1636 with their pastor the Rev. Thomas Hooker. Robert and Editha had four children: Thomas, who became ancestor of the Springfield, Mass. branch; John, ancestor of the Hartford, Conn. branch and two daughters, Sarah, who married 1st. Nathaniel Gunn of Hartford and 2nd. Samuel Kellogg of Hatfield; Mary, who married 1st. Samuel Ely of Springfield, 2nd. Thomas Stebbins, 3rd. Deacon John Coleman of Hatfield. Robert died in Hartford in 1648, aged 44. Editha lived until 1688 having married 2nd. Deacon John Maynard and 3rd. Elizur Holyoke. She died in Springfield, Mass. Oct. 24, 1688.

EXPLANATION OF THE NUMBERING SYSTEM

The numbers continue from the system used in the original genealogy of Robert Day so we begin with #5752 – Alfred Day, 7th generation from Robert. The numbers for Alfred Day's children are also taken from the original genealogy. Then beginning with those of the 9th generation who married and had families, the numbers for their children go back to #10 and build up from there. In most cases in the 11th and 12th generations numbers have been left open that can be used for children born after 1969.

Alfred Day lived in Wilbraham, Mass. until 1813 at which time he went to Boston and enlisted as a drummer, the War of 1812 being then in progress. He was stationed at Commercial Point about six miles south of Boston, where a British landing was anticipated. He returned to his native town where he was married in 1815. In 1818 he left Massachusetts by ox-team and wagon and went to northern Ohio with his wife and child where he settled in Lot 13 in Mantua Township of Portage County. The early settlers there had to cut down the virgin timber in order to have a farm. In 1850 he sold that farm where the last nine children had been born and moved to Pittsfield Township, Lorain County, Ohio. Then in 1860 he made another move, this time to Minnesota. Several of his children had also moved to Minnesota and they all settled in Castle Rock Township, Dakota County.

When Alfred and Lydia came to Minnesota their son Alfred A. and his wife and small son came with them. They lived together on a farm in section 3, Castle Rock Township. After three years he sold that farm and bought another in section 16 same township. When Levi the youngest son, had built a granary on the new farm the families moved into it, intending to build a real house some day. Levi had built the granary so well, an addition was put on it several years later instead of building a regular house. Alfred, Sr. was 70 years old when he moved into this last home and 92 when he died.

Alfred Day's life had covered a most remarkable period. He had lived under every President of the United States at the time of his death in 1886. He could remember about the funeral of Pres. Washington. During his life the railroads and steamboats were invented, also the telegraph. When he was first enumerated in the U.S. census the total population was about 5,000,000, and he lived to see it grow to nearly 60,000,000. He saw the country grow from a few states along the Atlantic seaboard to a mighty nation which spanned the continent. Looking back he could remember the War of 1812, the Mexican War, the War of Rebellion and many other events for ninety years. His eyes had beheld the wonderful progress of a most marvelous century of world history — 1794-1886. Alfred and Lydia were both buried in Castle Rock Valley Cemetery about 6½ miles southeast of Farmington, Minnesota.

9198. Levi William b. July 4, 1885 Castle Rock Twp., Dakota Co., Minn.

Ellen Mills was a dau. of Richard and Harriet Bedford Mills of Pittsfield, Ohio. Levi Elhanan Day travelled from Pittsfield, Ohio to Dakota County, Minnesota in 1859 with his father, Alfred Day, to look over land to buy. Levi stayed when his father returned to Ohio for another year before moving to Minnesota. When his parents came he made his home with them again, on a farm in Sec. 3, Castle Rock township. In 1861 he entered military service in the Civil War in Company C, 4th Regiment, Minnesota Volunteer Infantry. He enlisted as a fifer. His company trained at Ft. Ripley, Minn. Soon after his unit went south he became ill and nearly died. He was transferred to Jefferson Barracks where he recuperated but was still very weak when he was given his discharge and sent home in August 1862. In 1863 when his father sold the first Minnesota farm and bought another in Sec. 16, same township, he helped to build a temporary house for him and his parents and brother Alfred's family to live in. They moved to the new farm in 1864. Levi bought land next to his father's in Sec. 16 and built a small house about two years later. In 1868 he went back to Pittsfield, Ohio to marry Ellen Mills and brought her to Minnesota. For almost thirty years they lived on that farm adding on to the house as the family grew. Then in 1895 they moved their goods to Clinton Falls, Minn. in Steele County. He kept bees on both farms and sold many pounds of honey. He was a member of the Minnesota Beekeepers

Ass'n. He had also been interested in horticulture and grew many apple trees and was a member of the State Horticultural Society. Levi lived to be almost 101 years old, exactly 100 years, 10 months, 1 day, the last twelve years without his beloved wife. Levi and Ellen are buried in Castle Rock Valley Cemetery near Farmington, Minn.

Boyhood Home of Alfred Day at Wilbraham, Massachusetts. Built by his father, Alvin Day, about 1800. This house is still in good condition at the writing of this book.

The compiler of this genealogy is a grand daughter of Alfred Adin Day and a great grand daughter of Alfred and Lydia Calkins Day. I was born in Cleveland, Ohio to Frank and Lora Day Taylor but have spent most of my life in St. Paul, Minnesota, teaching a few years in rural schools then engaging in library work in the St. Paul Public Library System thirty-two years.

I wish to thank all of the "Cousins" who so willingly sent family records in order to fulfill the desire of Walter E. Day for a genealogy of the Alfred Day Family. I also wish to express my appreciation to Evan Day for his extra help and advice during the process of printing.
