## THE DESCENDANTS OF THOMAS ELWELL OF WESTHAMPTON, MASSACHUSETTS.

THOMAS<sup>5</sup> ELWELL of Westhampton, son of THOMAS<sup>4</sup> of Hardwick, was born about 1752. The earliest known records concerning him are in the Judd manuscripts, and the statements therein made are the following:

Thomas Elwell mar Mary French Oct 24, 1775.

Thomas Elwell built the house where Phins Bartlett about 1775—he sold it Benj. French.

Son Amariah bap Dec. 1. 1776 at S. H.

And in a list of Westhampton citizens in 1773, Thomas Elwell is not named; in one for 1776, he is recorded for 1 poll, 1 house, 6 acres land.

Mr. Elwell was a prosperous farmer; he served in the Revolution and in suppressing Shays' Rebellion; and he resided in Westhampton from 1775 until his death.

Mary French, daughter of Ebenezer and Rachel (Carpenter) French, was born in Southampton about 1754. Her father was born in Northampton, Feb. 10, 1731, and died March 4, 1807; he was the second settler in Westhampton, having removed there about 1762. Her grandfather Ebenezer, son of Jonathan and Sarah (—) French,

was born Nov. 1705, married Mary Edwards, Oct. 25, 1727, removed from Northampton to Southampton about 1733, was one of the founders of the church there, June 8, 1743, and died early in 1776.

Mr. Elwell and his wife are buried in the Westhampton cemetery, and their headstones bear these inscriptions:

*In | memory of | THOMAS ELWELL, | who died | June 1, 1803, |*  
*Æ. 51.*

*In | memory of | MARY | wife of | THOMAS ELWELL, | who*  
*died | Jan. 11, 1832, | Æ. 77.*

The "Hampshire Gazette" of June 15, 1803 and of Jan. 25, 1832 respectively, had these obituary notices:

At Westampton the 1st inst. Mr. THOMAS ELWELL, Æt. 50.

In Westhampton, Jan. 13, Widow Mary Elwell, aged 77, relict of Mr. Thomas Elwell. She was a daughter of Ebenezer French, one of the first settlers of Westhampton.

Her ancestors settled on South street in Northampton about 140 years ago. One of them built the house in which Charles Starkweather now lives about 1715; and the tradition is that this was the first house in the town that had windows like those of the present day. Previous to this all the windows had what is called diamond glass set in lead sashes.
