THE BACON GENEALOGY

PREFACE

Fortunate and justly proud is that boy or girl who can look up to his father and mother with a feeling of unqualified and well deserved admiration.

If they can also look back with the same pride to their grandfathers and grandmothers, they will feel so much more the satisfaction of being well-bred.

But that boy or girl, man or woman, who knows his or her people for ten or more generations back, and knows them to have been men and women of great strength of character, should feel a thrill of not only tremendous pride, but also one of tremendous responsibility; for connected with them is the unbroken chain of many noble lineages, and to them come the burden of keeping this chain unbroken and the record unmarred.

To You

DONALD DEWITT BACON

and

LOIS LAVONNE BACON

comes this heritage of pride and of responsibility; for since the Family of BACON, whose name you bear, landed in America in 1640, and on back thru the centuries in England, the genealogy is unbroken, until now the line rests on you.

And when you can add to this the enviable records of the many allied lines as hereafter recorded, yours is indeed a record to reverence and enjoy.

We therefore take great pleasure in dedicating to you this assembled record, and trust and believe that it will be referred to on down thru the years with an ever growing interest.

Daniel Webster, at Plymouth, Mass., Dec. 22, 1820, said, "Next to the sense of religious duty and moral feeling, I hardly know what should bear with stronger obligation on a liberal and enlightened mind, than a consciousness of alliance with excellence which has departed; and a consciousness, too, that in its acts and conduct, and even in its sentiments, it may be actively operating on the happiness of those who come after it."

JOHN DEAN BACON.

DOW PATTERSON BACON.

THE BACON GENEALOGY

NUMBERING SYSTEM EXPLAINED.

The first numbers on the left indicate the generation: Donald & Lois Bacon as 1.

Examples: 111-1 Donald DeWitt Bacon; 413-8 David Struthers.

The next number to the right indicates the relation to direct Ancestry.

Examples: 513-1 James Struthers; in direct Ancestral Line of the Compiler.

333-7-1 Hon. Francis Murdoch; two generations from common Ancestor.

The next numbers to the right, or those to the left of the—indicate the Family number.

Examples: 311-4 Dow Patterson **BACON**; the Family name of the Compiler.

413-8 David **STRUTHERS**; the third name in the Line of Families.

The numbers to the right of the — indicate each child's respective position in the line of birth; also the same for each successive—.

Examples: 153-2-5-7-2 Doris Hayes McMaster; the 2 child of the 7 child of the 5 child of the 2 child of the common Ancestor.

Thus 153-2-5-7-2 means that Doris Hayes McMaster is in the 1 generation, or the same as Donald & Lois Bacon; fifth in line from the common Ancestor, James Struthers; a member of the 3 or Struthers Family; Namely, second child of 243-2-5-7 Guy Allan McMaster, who is the seventh child of 333-2-5 David Struthers McMaster, who is the fifth child of 423-2 Anne Struthers, McMaster, who is the second child of 513-1 James Struthers the common Ancestor.

The numbers appearing on the right side of the sheet refer to so-called page number of a DIRECT Ancestor of Donald & Lois Bacon and the order of their relative standing, the paternal side having order of preference.

It has not seemed feasible to compile an index, other than of common or direct Ancestors, as the Genealogy itself is mainly only an index with no elaborate data supplied for each individual as in many Genealogies.

Let us state here that corrections or additions will be welcomed by the Compiler, and will be included in future editions in an Appendix.

HAPTONSTALL

The name has been defined: **HAPT** or **Haupt**——Exalted chieftain; **ON**—of———having to do with, or directing; **STALL**———a high or elevated station or office. Hence **HAPTONSTALL**———an Overseer, or more particularly one who gives direction to others, and at the same time personally sees that his orders are carried out. This is a word originally introduced in Scandinavia by the Goths and Vandals who over-ran all of Northern Europe about 1150 and left **HAPTONSTALL**, a vice regent, to look over subjugated tribes.

Bureau of Pensions.

Mr. Edward A. Claypool, 952 N. Clark St., Chicago.

Washington, D. C. March 19, 1913.

In reply to yours of the 7th, for a statement of the military history of Abraham Haptonstall, a soldier of The Revolutionary War, as per Pension Record. Engaged in battle of Fort Montgomery. Enlisted from Orange County, New York. Pension applied for April 24, 1833. Claim allowed. Residence Raccoon Township, Gallia County, Ohio. Date of birth April 6, 1761, Orange County, New York. Under date of Jan. 12, 1843, soldier stated that he moved to Knox County, Illinois with his son-in-law (name of daughter and son-in-law not stated). Signed J. L. Davenport, Commissioner.

War Service: Three months as private under Capt. Thomas Moffatt in 1775. Same under Capt. Seth Marvin in 1776. Nine months under Capt. Thomas Moffatt and Col. Nathaniel Woodhull. Six months under Capt. Francis Smith in 1777.

Pension claim shows his residence during service and until 1779 as Orange Co., N. Y.; New Jersey 18 months; New York until 1783; Greenbrier County, West Virginia until 1816; Raccoon Township, Gallia County, Ohio from 1816 and still there in 1833. Treasury Department Records show that he lived in Gallia County, Ohio from March 4, 1831 to Sept. 4, 1842, and in Knox County, Illinois from Sept. 4, 1842 to 1847. Monument in Russell Cemetery, Haw Creek Township, Knox County, Illinois, carved by his own hand and erected by Charity Rambo, gives date of death as Oct. 22, 1847. Tradition reports that he fought under "Mad Anthony Wayne". Before going into battle troops were all required to be clean shaven and powdered.

ANCESTRY

Three brothers John, Isaac & Abraham Haptonstall came from Copenhagen, Denmark to Orange County, New York. John and Isaac in 1692 and Abraham in 1694.

The record of this family is closely linked with that of the Taylor family as evidence the Will of Hancock Taylor; excerpts: Item, I give and bequeath to my friend Abraham Haptonstall and his heirs and assignees forever one thousand acres of land purchased of Alexander Waugh (reported present site of Louisville, Kentucky). Item, I give and bequeath to Willis Lee (my cousin) and Abraham Haptonstall and their heirs and assigns forever two-thirds part of all my land lying on the Western Waters (except five hundred acres purchased of Alexander Waugh) also the same proportion of the different sums of money due me for surveying, chain carrying, looking out land etc. Lastly, I do nominate and appoint Willis Lee and Abraham Haptonstall executors to this my last will and testament. Signed Hancock Taylor July 9, 1774. Original in the office of the Orange County Circuit Court.

This is included in the hope that it may lead to additional authentic data regarding the Ancestry of Abraham Haptonstall 6115-1.

Married second Phebe Lindsey.

Died May 30, 1854, Knoxville, Illinois. Buried in Russell Cemetery.

Came to Knox County, Illinois from Gallia County, Ohio in 1842.

Any information that will lead to the discovery of the Ancestry of Reuben Rambo is especially sought. The report of his being of German lineage is questioned, but is worthy of investigation, equally with the Swedish version. Further data relative to his birth and marriage is also desired; and also regarding his second marriage and parentage of Phebe Lindsey, Rambo.

It is interesting to note that we have here recorded descendants of Reuben Rambo and Charity Haptonstall as follows:

9 children; 65 grandchildren (16 living); 169 great grandchildren; 232 great great grandchildren; and 79 great great great grandchildren; or a total of 554 descendants. And there are still a large number that we have as yet been unable to hear of; will those who can kindly assist by forwarding any details that will add to the completeness of the record.
