PREFACE

The printed Hall genealogies do not bring the family which migrated to Lyme, Connecticut into the nineteenth century. This compilation is an attempt to carry that family down to the year 1938, including the female as well as the male descendants. The female descendants are arranged alphabetically according to the families into which they married.

Two of the female lines, Gillett and Marvin, have not been carried out fully as in each case it would be a repetition of material already in print, with few exceptions.

There is one error in the work of David B. Hall entitled The Halls of New England. On page 579 it states that George Hall married Sarah Gates of Preston and Isaac Hall married Sarah Forbes of Preston. The Lyme Records, vol. 1, page 19, prove that Isaac Hall married Sarah Gates of Preston, daughter of Caleb and Mary (Forbes) Gates.

The serial numbers have been devised to indicate generations. As Ezra is the first generation fully treated he is number 1. His four children being second generation are 11, 12, 13, 14. Joseph Edward Hall, sixth generation, is 122441. He was the first child of Benjamin S. Hall, 12244, who was the fourth child of Joseph Ely Hall, 1224, who was the fourth child of Ezra Hall, 122, who was the second child of Jonathan, 12, who was the second child of Ezra, 1.

The genealogical information has been compiled very largely from letters written by living members of the families and from

family papers. Cemetery records, obituary notices, probate records, Bible records and occasionally printed genealogies have also been drawn upon.

It is not possible to name each one who has cooperated in supplying data. The thanks of the compilers is extended to all of them. Especial thanks are given to Mrs. Marian Beebe Maynard who furnished most of the Beebe data.

Her other great grandmothers were Diadamy (Marvin) Beebe, Sarah (Gillett) Hall, Elizabeth (Ely) Lord. It seems that Eunice must have been an Ames. Eunice, daughter of John and Dorothy (Wood) Ames, b.
