INTRODUCTION

EIGHT years have elapsed since I began tracing out the records of my Harwood ancestors and relatives; and I have now the pleasure of presenting to the descendants of my ancestor, JAMES HARWOOD, this little History of our Branch of the New England Harwoods.

When I first began tracing the records, I had no thought of writing the family history. I was led to engage in the work simply by a desire to know more of my ancestry in the Harwood line. But as my interest in the work increased, I decided upon the plan of publishing the records in some form, by which the memory of our forefathers might be perpetuated, and we, their descendants, might come to know more of one another.

Being the first to write the history of our Branch of Harwoods, I have had to collect most of the records from original sources, thus adding greatly to the labor of the undertaking. I wish here to acknowledge the kindness of those who have aided me with their letters or orally in tracing out these records. A list of those who have aided me will be found at the end of the book.

In arranging the records in this book, I have aimed to give the facts which I have collected in as plain and concise a manner as possible, and so arranged that the connection may be easily seen. With regard to this arrangement,

it will be noticed that all who have borne the name of Harwood are numbered, beginning with our common ancestor (JAMES,) and carrying the order down through all the generations. An Index will be found in the back part of the book giving the NAME and NUMBER of each Harwood, whose name is enrolled in this book.

I have taken particular care to get the names and dates correct, and I think that all parts of the Record may be relied upon as accurate.

In conclusion, I would say that this has been a work requiring much labor and expense; and I hope it may meet the ends for which it is designed in giving us a better knowledge of our ancestors, and enabling us, their descendants, to become better acquainted with one another. Should this hope be realized, my labor will not have been in vain.
