Forward

To say this family record is finished would be far from the truth. Such a record is never complete. In some areas it is just a beginning. I would like to tell you why this family record has been dedicated to Uncle John McCay. About nine years ago at the McCay Family Reunion in August was the first time I met Uncle John. He hadn't been to the reunion for several years. I had just started working on the family tree. At that time Uncle John wasn't feeling well and thought he probably wouldn't be around much longer, which is why he came to the reunion that year. He told me at that time, he didn't know why he was living, his wife had been dead for 20 years and he missed her. I ask him if he had any children. He first said no, then he told me about his stillborn son.

After our first meeting his health began to improve and he wrote me many letters. As he remembered, he would write it down and send it to me. Mrs. Charles Bant (his grand neice, with whom he lived) told me this family tree work gave him a whole new lease on life. He actually lived for Genealogy. He wrote letters to several of his neices and nephews and told them to send me their family history and genealogy.

On the 4th of July, 1962, Uncle John went with us to six cemeteries around Medaryville in Pulaski Co., Ind., telling the stories of the various McCay's that were buried there. That day we found where Lewis and Aletha (Huddleston) McCay were buried and took pictures of their stones and some of their children. We never found stones for John and Jane McCay. They perhaps never had a stone. Uncle John didn't recall any. He remembered Aletha (my husband Leonard's great great grandmother). He said he remembered her big dark eyes and how she had looked at him. He remembered spending the night at her home when he was a small boy. Lewis at this time was already dead.

After the sixth cemetery I was getting tired and had to sit and

rest, but Uncle John at the age of 99 years was still going strong, walking and reminiscing. We also visited about four families and had a picnic that day.

So working on the McCay family tree became his life and gave him a reason for living a little longer. Uncle John had so many friends and was so well loved. The evening he died, his grand neice Margaret (McCay) Bant said he went over the family tree three times with her. He couldn't go until he was sure he hadn't forgotten anything. Uncle John had it all memorized, he could even recite the dates without looking at anything. He had a wonderful mind. Uncle John did not suffer. It's like he just laid down to rest after completing his mission here in life.

FAMILY OF NATHAN MC CAY

Nathan MC CAY b. about 1794 or later. Uncle John Mc Cay said he thought that Nathan married and lived in White Pigeon, Michigan. I didn't find them in the 1850 Federal Census records in that area of Michigan, but they could have been there later. While doing research for this record, I found two Nathans' living in Indiana. But I haven't found proof that either one is the son of John and Jane MC CAY. I will list the families the way I found them, in the hopes that it may help some one to do further research.

First family was found in the 1860 Census of Lebanon (Center Twp) Boone Co., Ind.

FAMILY OF SALLY MC CAY

Sally (Sarah) MC CAY b. before 1800 in Virginia, married William ?

WALKUP. Uncle John MC CAY says that Sally was the oldest daughter and that she married a WALKUP before 1816, and doesn't think that she ever came to Indiana.

Data on WALKUP Research

In my research, I wasn't able to find any WALKUP's in Champaign County, Ohio, but did find a William WALKUP in Miami County, Ohio, in the adjoining township of Brown (adjoins Champaign Co.)..... The 1830 Federal Census of Miami County, Ohio gave the following information:

William WALKUP was between the years 50-60

His wife's age was between the years 30-40

One son between the years of 15-20

One son between the years of 10-15

One dau between the years of 15-20

One dau between the years of 10-15

One dau between the years of 5-10

The 1840 Federal Census of Miami Co., Ohio didn't reveal any William or Sally WALKUP. However the following may be of interest: "In 1819, William WALKUP was elected trustee in Brown Twp., Miami Co., Ohio, and was a early pioneer of that county", (taken from "History of Miami County, Ohio", 1880 edition).

Additional data on Walkup research

1. The 1830 Federal Census of Highland County (Madison Twp.), Ohio also reveals a William WALKUP.
2. Timothy HIXSON married Sally WALKUP 30 Jan 1834 (from Highland Co., Ohio Marriage Records). Note: Could this "Sally" of been a daughter; or could this of been a second marriage for Sally ? or just a coincidence in names.
