PREFACE.

The genealogical record of the Perrin family from 1635, the date of the landing at Braintree, Mass., of its ancestor, to the year 1879, is now offered to those interested.

It is not to be understood that this record embraces all the families, for it contains only the names of those I have been able to procure, and is printed at this time with a view of inducing others to carry on the work.

I thought of printing the registers of the families of the Perrin *daughters* also, but found it would extend the work and delay it unduly. I have reserved these registers and would be happy to place them at the disposal of any member of the family willing to pursue the subject.

In regard to the manner of spelling the name, I have recorded it as it has been given me. The majority adopt two "r's." My grandfather, Lemuel^e son of Jesse^s, contended that the name properly contained but one "r" and his example was followed by several of his brothers. The name as traditionally pronounced should have two "r's," and I think it is to be regretted that there was any departure from that standard.

In "The History of Antiquities of the County of Leicester, England," (John Nichols, F. R. S., Vol. III., part 3,) the name *Perrin* of Ashby, de la Touche, its pedigree and coat of arms is found.

Coat of arms: Field, *argent*; chevron, *sable*; pineapple, *vert*; leopard faces, *argent*.

Crest, a pineapple, *vert*. As given by a certain Perrin, made baron in 1805. (See books on heraldry.)

The names Gilbert Perrin, Thomas Perrin, Katherine, Elizabeth, Sarah and Mary Perrin, appear about the beginning of the seventeenth century.

The connecting links between this English family and ours have not yet been obtained, but it is supposed *John Perryn*, our ancestor, was a member of it. *John Perryn*, aged twenty-one years, came from London, England, to Braintree, Mass., Aug. 10, 1635, in ship "Safety," John Grant, master.

We have a list of one hundred and forty-four names and the ages of the passengers on board the "Safety" in the voyage of August, 1635. (See MSS. preserved in State department of H. M. Public Record office, page 21. Copy in Boston Genealogical rooms.) In it are the names of several young women called "Ann," one of whom we conjecture became the wife of John Perryn. (See further evidence.)

He, with Dr. Samuel Newman and his church, founded Rehoboth, Mass.; his name, variously spelled, appears in those town records, Perryn, Perrin, Perrine, Perryne, Perin.

The tombstone of *John Perryn*, the first of his family in this country, is found in Rehoboth, Mass.

Whenever a date is given without qualification, it has been copied from a family Bible, tombstone, or other trustworthy record.

The system of arrangement is as follows: "Consecutive numbers are placed on the left of the margin against those who bear the name of *Perrin*. No two names re-

ceive the same number, although the same name may appear twice under different numbers, first as *child*, then as *parent*. In order to find the name consult index, where all Christian names are arranged alphabetically. Since the same Christian name often occurs, the actual year of birth is prefixed to each name to assist in determining which person of the common Christian name is meant. The number after each name is the consecutive number. Turn to this number in the body of the book and record will be found of the first appearance of the person as a *child*. Should a bracketed [] number be found *after* the name it refers to a subsequent record of the *same* person as a *parent*. When a bracketed number does not appear after the name, *no further information concerning that person will be found*. In like manner, immediately after the name of a *parent*, will be found a bracketed number which refers *back* to the entry of the same man when he appears as a *child*.

After the name of a *parent* his pedigree is indicated in parentheses () with small figures above showing to what generation the name belongs; thus the parent's name may be *George*^a, father's name, *Joseph*^s, grandfather's, *Samuel*^t, and so on down to *John*¹.

Blank leaves are inserted where families can supply deficiencies in their records or continue them.

This record has been compiled from correspondence with members of families referred to in it, and from information furnished by our kinsmen, Mr. Noah Perrin, of Wellesley Hills, Mass., and Mr. Parley Ide Perrin, of Taunton, Mass.

PERRIN FAMILY GENEALOGY.

1. JOHN PERRY. — b. 1614; d. Sept. 13, 1674.

It appears from a book entitled "Emigration to America from 1600 to 1700" (Boston Genealogical Library) that John Perry came to this country from London, England, in the ship "Safety," John Grant, master, in the month of August, 1635, and landed at Braintree, a small town on the south shore of the harbor of Boston, Mass. There he married and resided until he, with the Rev. Samuel Newman and his church, founded Rehoboth, Mass. His name, variously spelled, subsequently appears in the Rehoboth town records. He was buried there.

ANN PERRY, supposed to be the widow of John Perry, was buried at Rehoboth, Mass., March 11, 1688. It is presumed that she was one of the *Anns* named in the list of passengers that came to this country in the same ship with John Perry.

PERRIN FAMILY GENEALOGY.

From the History of Rehoboth by Bliss, the following account of the early settlement of that place is obtained.

"The real founder of Rehoboth was the Rev. Samuel Newman. He was born at Banbury, England in 1600, educated at the University at Oxford, and after having been the minister of seven different churches in the land of his nativity, removed to New England in 1634 or 1638. After his arrival here, he spent a year and a half at Dorchester, four and a half or five years at Weymouth, and then with a majority of his congregation, removed to a place called by the Indians, Seacunk (or Seckonk), to which he gave the Scripture name of Rehoboth; for said he, 'The Lord hath made room for us.'"

The first meeting of the original planters of Rehoboth to be found on record is dated at Weymouth the 24th of the 8th month,* (Oct. 1643). The next meeting of the proprietors, was held at Weymouth, "the 10th day of the 10th month" (December), when regulations were made as to the Planting of Corn.

During the year 1643, and probably before any other division of land had been made other than for house lots, the proprietors were required individually to give in the value of their estates in order that allotments of land might be made accordingly. The value of the estate of John Perrin, was 138 s.

At a town meeting the 31st day of the 4th month (June) 1644, lots were drawn for a division of woodland, between the plain and the town. Among 56 names in the division is John Perrin.

On "the 3d of the 5th month (July) 1644," the inhabitants signed a compact in the following words; "This combination entered into by the general consent of all the inhabitants after general notice given the 23d of the 4th month."

"We whose names are underwritten, being by the providence of God, inhabitants of Seacunk, intending thereto settle, do covenant and bind ourselves one to another, to subject our persons (torn off) (according to law and equity), to nine persons, any five of the nine which shall be chosen by the major part of the inhabitants of this plantation, and we (torn off) to be subject to all wholesome (torn off) by them and to assist them according to our ability and estate, and to give timely notice unto them of any such thing as in our conscience may prove dangerous unto the plantation, and this combination to continue until we shall subject ourselves jointly to some other government." Among 30 names attached to the above, is the name of John Perrin.

The 9th of the 4th month (June) 1645, lots were drawn for 53 persons, beginning upon the west side of the great plain. The name of John Perrin, was among those who drew.

The 18th of the 12th month (Feb.) 1646, at a meeting of the town, it was agreed to draw lots for the new meadow, and the name of John Perrin was among the 46 who drew for lots.

June 22nd 1658 "at a town-meeting lawfully warned," lots were drawn for the meadows that lie on the north side of the town. John Perrin is named as among the 49 who drew.

May 23 1658, John Perrin Sen. is among the 73 who drew lots of meadow lands in the North Purchase.

The Author says, "In transcribing the names, I have followed the orthography of the original."

* This is Old Style. The year then commenced the 25th of March. The Correction of the calendar by Pope Gregory, in 1582, was not adopted by the British Parliament till 1751. I have inserted the names of the months as designated by "1st mo." "2nd mo.", but have not made the correction for the eleven days ordered to be struck out of September 1752.
