

GENEALOGY

PREFACE.

DESIRING to preserve the chain of ancestry of the Rich family so far as it relates to the descendants of Jonathan Rich, I have prepared in the following a brief genealogy of the family, and in doing so have aimed to make the work as accurate and complete as possible. I find that in a few instances it is impossible for me to procure all the data desired; yet if I have in any degree succeeded in establishing our family lines for future generations, I shall feel well compensated for my labor. It is also my purpose in the future to add to the genealogy a short biographical sketch of many of the descendants. To Shebnah Rich, whose work "Truro — Cape Cod," has been of infinite value; to the friends at Truro, Cape Cod, who have kindly furnished records, and to all the representatives of the family who have aided me in the work, I extend my sincere thanks.

THE EARLY RICH ANCESTRY.

That the friends who are not familiar with the history of our family may know something of our forefathers, I have collected such facts as I trust may be of interest. The family is evidently of English origin, and as far back as I am able to trace I find that they were people highly respected and of prominence, they were very active in public affairs and all matters of interest to New England in its early settlement. The history of Cape Cod, where they became very numerous, contains many references to them. In Shebnah Rich's "Truro — Cape Cod" are found many things of special interest relating to the family. I quote the following from his work :

“English history abounds with this name. The earliest notice I have seen is Edmund, Archbishop of Canterbury, 1236, referring to an order requiring all fonts to be covered in accordance with a constitution by said Archbishop. One of the most remarkable characters of English history is Baron Richard Rich, born at London, 1498, who from a London barrister, without fortune or friends, became the wealthiest nobleman, and founded the most powerful family in England, and known as kingmakers.. His sons, Earls of Warwick and Holland, have been mentioned in the colonization of America. The former was President of the Plymouth Council, and Admiral of England. Warwick, R. I., was named for him. The name is found among authors, actors, scholars, ministers, soldiers, travelers, inventors, and courtiers; men of many virtues and not a few vices.

“My first knowledge of the name in America occurs in the following Salem notice: ‘Obadiah Rich married Bethiah Williams, 1667.’ In 1668, he was a signer of the petition against imports as an inhabitant of Salem. In Judge Sewell’s interleaved almanac diary, March 31, 1675, occurs: ‘No lecture, because Mr. Rich from home.’ Perhaps the same Obadiah Rich. * * In 1684, Henry Rich married Martha Panon. This is the celebrated Martha Corey, *alias* Martha Rich immortalized by Longfellow:

As for my wife, my Martha, and my martyr,
Whose virtue, like the stars, unseen by day,
Though numberless, do but await the dark
To manifest themselves unto all eyes.
She who first won me from my evil ways,
And taught me how to live by her example,
By her example teaches me to die,
And leads me onward to the better life.

Richard, of Dover Neck, is the ancestor of all the Cape Cod family, by far the largest branch, but not all of the old English stock in America. The first notice of Richard is found in the old Portsmouth records 'Samuel Treworgey, with the consent of Dorcas Treworgey, his wife, conveys the above land to Richard Rich, of Dover, Nov. 6, 1674.' How long he had then been at Dover, I am unable to say. Mr. Rich seems to have been a man of some prominence; his name appears considerably in the records. Married Sarah, daughter of Gov. Thomas Roberts."

From the New England Historical and Genealogical Register we find that Richard¹ Rich ~~had only one son, who bore his own name, Richard², he having~~ settled in Eastham where he died in 1692, his children were:

I. John, born 1665, married Mary, daughter of Rev. Samuel Treat.

II. Thomas, married daughter of Samuel Knowles, settled in Eastham, now Orleans.

III. Richard³, born 1674, married Anna ———, held lots in Truro, 1703.

IV. Samuel, born 1684, married Elizabeth ———, died 1752.

V. Sarah, married Samuel Treat, son or grandson of Rev. Samuel.

VI. Lydia.

VII. Joseph, among the Eastham voters, 1695.

Richard² Rich and wife Anna had the following children:

I. Sarah, born January 22, 1696.

II. Richard, born Feb. 28, 1699, married Hannah ———.

III. Rebecca, born June 15, 1701.

IV. Zaccheus, born April 2, 1704, married Ruth Collins.

V. Obadiah⁴, born July 15, 1707, married Mary Cobb.

VI. Priscilla, born February 5, 1710, died July, 1716.

VII. Huldah, born July, 1712.

VIII. Joseph, born Oct. 5, 1715, married Susannah Collins.

IX. Sylvanus, born Sept. 4, 1720, married Mary Lombard.

Obadiah ⁴ Rich, whose wife was Mary (Polly) Cobb, had the following children :

- I. Jonathan ⁵, born Nov. 1, 1737, married Thankful Newcomb.
- II. Deborah, born February 9, 1739.
- III. Josiah, born July 24, 1741.
- IV. Rebecca, born May 14, 1743.
- V. Ruth, born June 18, 1745.
- VI. Isaac, born January 31, 1750.
- VII. David, born February 16, 1753.

Jonathan ⁵ Rich, who married Thankful Newcomb, October 17, 1760, was the father of Jonathan ⁶ Rich, whose genealogy I have prepared. I am unable to state how many children Jonathan Rich had, but the records at Truro, contain the following :

“Mary, daughter of Jonathan and Thankful Rich, born December 12, 1761.”

“Thankful, daughter of Jonathan and Thankful Rich, born January 9, 1764.”

“A daughter of Jonathan and Thankful Rich was born in Truro, June 5, 1766, and died about 21 days old.”

“Deborah, daughter of Jonathan and Thankful Rich, born August 12, 1769.”

“Jonathan Rich, the son of Jonathan and Thankful Rich, was born in Truro, August 26, 1771.”

The latter part of the eighteenth century is a hard field in which to trace family connections. During the Revolutionary War there was a great exodus from Cape Cod, especially from Truro, where a majority of the family had settled. Members of the family moved to Maine and other parts of New England, and to these people will many of the Riches of the present generation trace their ancestry.
