FOREWORD

A few words of explanation, why this Schrock Register, and Record was undertaken to be compiled.

On July 28, 1962 the descendants of Min. Joseph D. Schrock held a reunion in the Eberhart Park in Arthur, Illinois; with a good attendance.

I feel safe in saying that all of the Min. Joseph D. Schrock descendants that live around here, were present and many living else-where were there too. However you were not all there, but we really missed you.

There I asked the question, Why doesn't some-one make up a "Schrock Record Book," and bring it up to date? Many were agreed that some-one should do this. On Sunday July 29, some of the Cousins were together and suggested that we should make up the "Record". That was a complete surprise to me, as it had not entered my mind that we should, or would be able to do so; especially not since I had suggested it.

By counsel and waiting on the Lord, we decided to give our time, for the benefit of others as well as for ourselves.

So in the name of the Lord, and our Master's guidance, we tried to arrange this Book to the benefit of all concerned.

WE cordially thank you all for your assistance and co-operation.

We do thank every one of you for your co-operation in helping us to bring this Book up to date. Especially do we thank those whom we repeatedly asked for help. Also a cordial "Thank You" for the many nice letters we received with the information.

ACKNOWLEDGEMENT

We are aware that in a work of this kind, it is almost impossible to avoid : errors, but we feel confident that all concerned will bear with us.

SCHROCK HISTORY

Our Grand-Father Min. Daniel Schrock was killed when he fell from a rail-road bridge in Kansas some-time in the night of Sept. 10, 1890. His neck was broken, and he died instantly. He was brought to Arthur, Illinois for burial. Two months and seven days after this fatal accident, his son Joseph was ordained a Minister to take his Father's place. Joseph D. Schrock was ordained a Minister at the age of 25 years.

He was in the ministry 48 years. He died Oct. 23, 1938. Age 73 years, one month, and fourteen days.

MIN. JOSEPH D. SCHROCK.

On sept. 21, 1936 between the hours of four and five in the morning, Grand-Father Min. Joseph D. Schrock had the misfortune of falling down the cellar steps. When he attempted to go to the bath-room, he mistakenly opened the cellar door instead of the bath-room door, and fell down the basement steps, breaking his right arm just below the shoulder joint, he also hurt his knee, leg, head, and side. He called for Grand-Mother's help, who helped him up. She then called Andrew L. Mast, who was then living in the adjoining house. Dr. Phillips was called, also his son Joseph Jr. Schrock. Dr. Phillips took Joseph D. Schrock to St. Mary's Hospital in Decatur, Ill., accompanied by Joseph Jr. Schrock and Andrew L. Mast. His arm was set at the Hospital and Andrew stayed with him until in the after-noon, when Menno J. Schrock came to stay with him until the next day.

[5]

Joseph Jr. returned home with Dr. Phillips. The next night Mrs. Dave Yoder stayed with him. From then on two at a time would take turns and stay at the Hospital.

The morning of Oct. 7 he had a rather low spell from a heart attack. He had a weak heart anyway, and they thought the attack was brought on because his kidneys and bowels had not acted, which formed gas and worked on his heart.

When his arm was first set, they only taped it. The arm was not set correctly, but they thought it would come along alright. One week later they took another Xray and found the fracture was not doing any good, so they set it again, and this time it was set correctly. They also placed a splint upon the break, after which the Xray showed the break was properly set. One week later another Xray was taken, which showed the arm was still in place. Two weeks later again an Xray was taken, and yet the broken arm was held in place.

He was released from the Hospital, and came home in the Fleming Ambulance Oct. 20, 1936.

His doctor was "Doctor Rich".

His nurse was Amelia Gopshus. (Miss. Smiles).

Andrew was in failing health for quite some time. The family Doctor thought he had asthma, but treatment for asthma didn't help, so he went through the Carle Clinic in Urbana, Ill., in July 1954. They found it was his heart, so he stayed for further examination and treatment. In nearly a week a blood clot formed in the groin of his right leg, which had to be removed, but more small clots formed, and didn't dissolve which caused gangrene to set in. His leg had to be amputated above the knee, and when that didn't heal they had to take off still more, which resulted in removing the entire leg. He finally got to come home after 9 weeks in the hospital, and got along fairly well for three years. On Sept. 3, 1953 he had a heart attack in the Dr's. office and passed away very suddenly while there.
