

**GENEALOGY**  
**OF THE**  
**WOODWARD FAMILY**  
**1584-1926**

# Introductory

Your Historian has traced an unbroken lineage from 1584 to the present time in the Woodward family.

From George and Mary Woodward we traced the genealogy down to Joshua Woodward, giving only the progenitors of his particular line. From Joshua Woodward to the present time we have endeavored to trace the genealogy in every line.

The Woodward family can well be proud of the fact that they can trace their genealogy for 342 years; in some cases for twelve generations. We would have been very pleased if the entire genealogy of the Woodward family could have been obtained. There are 350 recorded in this history and we think we have accomplished a wonderful work in consummating this history. After two years' investigation, I believe I am very conservative when I estimate that there has been 25,000 descendants of George and Mary Woodward. I hope that our descendants will publish the second volume in the next century.

H. JAY SPENCER, Historian.
